PRICE TWO CENTS

WILD MOB SLAYS FIVE AND BURNS "NIGGER" SECTION OF SPRINGFIELD

ASSAULT ON WOMAN CAUSE OF WILD RIOTING

SOLDIERS FIRE INTO MOB

SLUMS BURNED, RIOTERS INVADE RESPECTABLE SECTION

ONE NEGRO WAS LYNCHED

Colored Man Said to Have Shot White Assailant Strung Up—Troops in Control Today

SPRINGFIELD, Ill., Aug. 15.—(3:15 p. m.)—Affairs here have again assumed a warlike appearance, and more trouble is expected. The troops are under orders to maintain order at any cost, and further shooting is feared. Militia companies are enroute here from various parts of the state, and in a few hours the force will be sufficient to awe the populace. Martial law may have to be declared.

CHICAGO, Aug. 15.—The First regiment, under the command of Colonel Joseph B. Sanborn, left at 1:15 this afternoon for the scene of the troubles at Springfield. They will arrive at 7 tonight.

SPRINGFIELD, Ill., Aug. 15.—Three are dead and over fifty injured, most of whom were shot, during rioting last night. One negro was strung up at 12th and Madison streets in the heart of the negro district. Many of the injured are expected to die.

The inciting cause of the trouble was the assault made Friday morning on Mrs. Earl Hattam, the wife of a street car conductor and the subsequent attempts to mob and lynch her negro assailant. The negro was spirited out of town and the mob,

NEGROES PROTEST.
ATLANTA, Ga., Aug. 15.—The negroes in all the larger southern cities today expressed indignation over the race riots in Springfield. A call has been issued for a great mass meeting at the Atlanta negroes tomorrow at which protests will be made against the action of the whites in the Illinois disturbances. Plans will be discussed to protect the race against further outbreaks.

balked in its vengeance, immediately turned on the map who loaned his automobile to the authorities to convey the negro to a place of safety. This was the spark that started the riot.

This morning everything is quiet and Springfield views the results of the night's work with the usual regret and chagrin. Soldiers arrived on the scene at 2:30 this morning and quelled the disturbance. They gave the fire department protection and the fires were immediately extinguished and by 4 o'clock normal conditions prevailed.

Destruction Widespread.
In addition to Loper's cafe, which was the first place burned by the mob, thirty-five places of business, occupied by negroes on Washington

LYNCHERS FORMING MOB.
NORFOLK, Va., Aug. 15.—Officials today are preparing to resist the expected attack of a mob, who early this morning attacked the jail at Portsmouth, to lynch William King and Henry Smith, negroes who are accused of assaulting Mrs. Katherine Powell, an aged white woman. The negroes had been removed here before the attack. It is reported that the mob is forming again near Portsmouth to march here and attempt vengeance upon the two prisoners.

street, between 7th and 10th streets, have been literally torn to pieces. The negro quarters over these places been emptied and every window shot out.

Soldiers Open Fire.
The burning began one block north of the business houses that had been wrecked on Washington street. Taking in a long rectangular section of the city, extending from Jefferson on the south to Mason on the north and from 9th to 12th streets, the mob burned every house where negro women resided. Practically

THE OLYMPIADES GREATEST PRIZE

The messenger bearing the news of the victory at Marathon. This beautiful statue was the prize awarded John Hayes, the American, for his victory in the Marathon race during the recent Olympic games. Hayes was among the American athletes who returned home last week.

N. P. TRAIN ROBBED IN CITY OF TRENT

ROBBERS ESCAPE IN ENGINE AFTER DEED.

BIG POSSE IS IN PURSUIT

Special Train Takes Sleuths in Hot Quest of Gang of Bold Bandits

SPOKANE, Aug. 15.—Police and detectives on a special train left here today in pursuit of bandits who held up the Northern Pacific westbound train at Trent, nine miles east of here, early this morning. The bandits, after they had stopped the train, drove the engineer and fireman off the engine at the point of revolvers and rifles, uncoupled the mail car and ran it to Yardley, on the outskirts of the city. There they rifled the mail and, again boarding the engine, they escaped.

AUCKLAND IS DULL AFTER FLEET SAILS

AUCKLAND, Aug. 15.—After a dizzy week entertaining the American fleet and a farewell sendoff to the sixteen big battleships this morning that even outdid the reception in noise and spectacular features, Auckland tonight seems a rather dull place. It will take several days to recover from the greatest week in the history of the city, and longer than that before the fleet and its officers and sailors cease to be the chief topic of conversation among all New Zealanders who witnessed the naval pageant. The fleet got away at 8:15 this morning, Admiral Sperry aboard the Connecticut, leading the way out of Waitemata harbor amid an uproar of whistles and gun salutes that actual war could not have exceeded.

ALABAMA STRIKES AT RAILROAD TRUST

WASHINGTON, D. C., Aug. 15.—Declaring that the Southeastern Freight association of railroads was organized and maintained under agreements and for the purposes constituting illegal contract and conspiracy in restraint of trade and that the proposed rate increase forms the suppression of all competition, the Alabama railroad commission today filed a formal complaint against the Louisville & Nashville and thirteen other railroads before the interstate commerce commission. The rate increase is denounced as arbitrary and an unlawful exaction.

MAY END STRIKE

WINNIPEG, Aug. 15.—J. T. McVety, strike manager for the entire West Canadian Pacific mechanics, today left hurriedly for Ottawa, where it is said he will enter into conference with Sir Thomas Snagnessy, looking to the end of the strike. In addition to the mechanics the demands of the engineers are most pressing and if they join the strikers it is believed the company inevitably will lose fight. The railroad officials continue to insist on moving all grain and other important traffic on schedule time.

RECONSIDER PLAN TO EXTEND LINES

NEW ORDINANCE INTRODUCED LAST EVENING

BRICK CAUSEWAY IS ASKED

Downs Wants Bridge Repaired Over La Crosse River; Investigate Municipal Lighting Plant

At the regular meeting of the common council last evening, on motion of Alderman Snyder, who voted with the majority at the last meeting in reference to the granting of the franchise to the La Crosse Street Railway company, permission to examine its tracks on Main street from Sixteenth to Twenty-third, and from Main south on Twenty-third street to Market, and the removal of the company's tracks on Market street, the matter was brought up for reconsideration. A resolution of Alderman Lang providing that the street car company allow its tracks on Market street from Sixteenth to Twenty-third to remain and the new line as originally planned be built thus forming a loop at that point, was also brought up. Both the resolution of Alderman Lang and the ordinance, were referred to the committee on ordinance and railroads, who will make a report at the next meeting of the council.

Since the ordinance granting the company permission to extend its tracks was voted down, a number of the aldermen looked into the proposition and after investigating the needs of a track on Main street east and also on Twenty-third street, were willing to change their vote, and at the meeting last evening it was voted to have the matter taken up for reconsideration by the vote of 14 to 6.

Brick Causeway.

Alderman Downs of the North side introduced a resolution for the paving with brick of the causeway between the north and south side. The paving as desired by Alderman Downs would extend from the foot of La Crosse street on the south side north to Car street on the north side. The resolution was referred to the committee on special street improvements. A resolution was also introduced by Alderman Downs providing that the city engineer prepare estimates for the raising and repairing the bridge over the La Crosse river. This resolution was referred to the committee on bridges and the city engineer.

Keller Wants Water.

Alderman Keller introduced an ordinance for its first and second reading providing for the issuance of bonds to the amount of \$10,000 for the extension of the city water system. Alderman Keller then stated that for the past several years he has been trying to get the water mains extended and was told last year to wait until the price of water pipe went down. Alderman Keller stated that he had investigated the price of the pipe and found that the price had diminished \$14 per ton, but still they had no extension of water mains. He showed that in the Fourth ward he had gone home during hot weather

COUNCIL ENDORSES NATIONAL SPORT

URGES CITIZENS TO REACH THE 25,000 MARK

GAME GOOD FOR LA CROSSE

City Hall Will be Closed on "La Crosse Day" to Permit the Attendance of the Officials

The common council at its meeting last evening went on record as being in favor of organized baseball. Although two aldermen out of the twenty present were undecided, and as they are hardly interested in the national sport, their complaints failed to impress the remainder of the aldermen. Alderman Houska, president of the council, read the resolution, which follows, and when completed asked that it be accepted. The resolution was about to be adopted when Alderman Vollmar interrupted and stated that he did not think the council had a right to adopt such a resolution and asked that the city attorney give a ruling. Thereupon Alderman Grover asked that the resolution be laid on the table.

His Honor, the mayor, then interfered and stated that in his belief it was not out of order for the council to pass on the resolution and following this Alderman Keller and Houska spoke briefly on the adoption of the resolution.

It was then unanimously passed. The total paid attendance including yesterday's game amounts to 18,570. There still remains over six thousand to attend the game before league baseball can be insured for the next year and as the council has endorsed the game the directors feel confident that the people will now attend the game and assist in the getting of the 25,000.

The resolution as adopted last evening follows:

"Whereas at the last annual meeting of the board of directors of the Wisconsin-Illinois State League of Baseball clubs, a resolution was passed that all clubs which did not show an attendance of twenty-five thousand paid admissions, should be dropped from the league; and

"Whereas, up to the present time the attendance at the La Crosse baseball games has been such that unless a special effort is made upon the part of all desiring to maintain a membership in this league of baseball clubs, La Crosse will lose its membership and

"Whereas, the officers of the La Crosse club has deemed advisable to ask the business men of the city so far as practicable, to close their places of business during the afternoon of September 2nd, 1903, and make that afternoon a half holiday in the interest of the baseball club, when there will be a regular scheduled game between the Freeport club and the La Crosse club, therefore be it

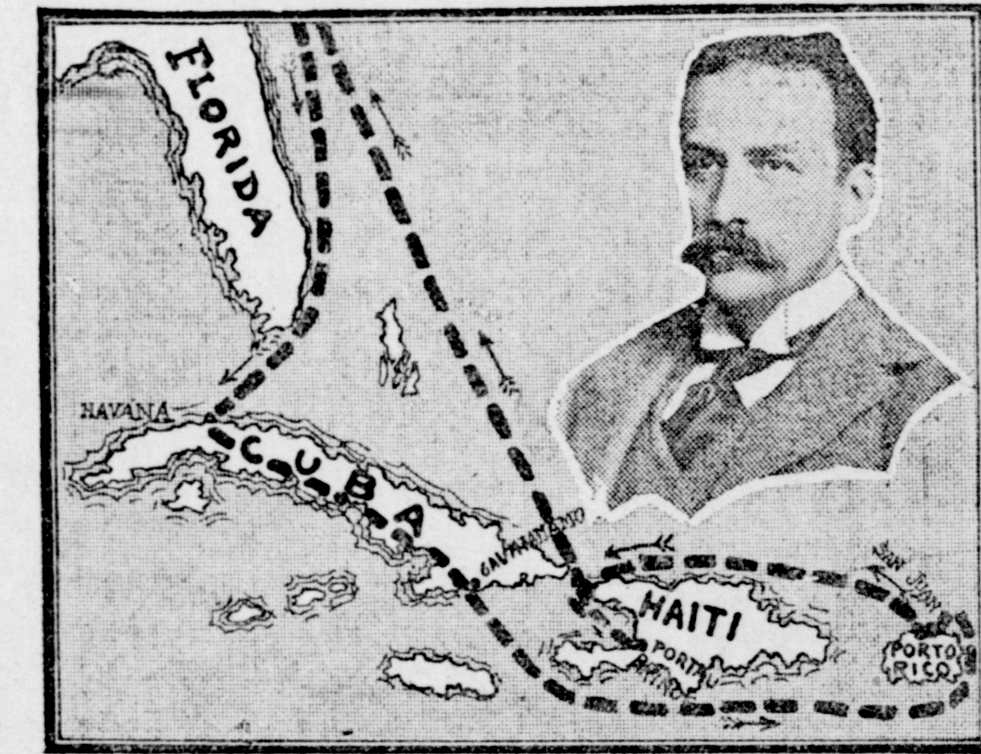

"Resolved, by the mayor and common council of the city of La Crosse that the mayor be requested to declare a half holiday on the afternoon of September 2nd, 1903, and invite all business houses to close their places of business, so far as practicable, and the proprietors and their employees be urged to attend the game on that day, and be it further

"Resolved, that this body favors the maintenance of organized baseball in this city as a valuable advertising medium and also a business institution that brings to the city about as much business as a medium sized factory out of which several families make their living and add to the credit side of our ledger in a business way and for these reasons we urge upon all citizens the necessity from now to the close of the season so far as may be in their power to attend the games and urge others to attend that the final showing at the end of the season may be a credit to the city and also secure the continued maintenance in this city of a membership in Wisconsin-Illinois League of Baseball clubs."

BALDWIN SLIGHTLY SHY IN SPEED TEST

WASHINGTON, D. C., Aug. 15.—The board of officers, which has been inspecting the flights of the big dirigible balloon built by Captain Thomas Baldwin, for sale to United States, report today that as a result of the test flight made last evening the official speed attained, subject to correction, was 19.61 miles an hour. The balloon was required to make 20 miles, under penalty of losing 15 per cent of the purchase price for each mile less than that amount. The price to be paid for the balloon was \$6,750, so that unless subsequent correction shall increase the figures given today, Captain Baldwin will get 15 per cent less than the contract price. Last night's flight completed the speed tests for the balloon and there now remains only the endurance test. This will require the balloon to remain in the air for two hours, covering 28 miles. The test may be made this afternoon.

UNCLE SAM'S LATEST GLOBE TROTTER

Robert Bacon, acting secretary of state in President Roosevelt's cabinet, is quietly and unostentatiously touring the West Indies on a mission of investigation and peace. Mr. Bacon left Key West last Friday for Havana. After a brief stay in Cuba he goes to Guantanamo and takes passage on the Mayflower for Porto Rico, where he will participate in the adjustment of the question of the disposal of church property. Mr. Bacon then goes to Haiti to study the conditions in the "Black Republic," where the state department has been advised a bad situation prevails, due to the incendiary fires and the condition of the lower classes.

CRANK SLIPS PAST OYSTER BAY GUARD

PRESIDENT ESCAPES BY BEING ABSENT ON YACHT

WANTED ROOSEVELT'S AID

The Crazy Man Had Written Executive for "Protection Against a Wealthy Foe"

OYSTER BAY, Aug. 15.—Secret service men are much perturbed today because a crank slipped past them and wandered around the grounds at Sagamore Hill. Only the fact that the president was aboard the yacht Sylph prevented him from meeting the crank.

The would-be visitor was Moses S. Okun, who appeared yesterday in the office of a justice of the peace, and wanted a warrant for a "rich enemy," who was exerting hypnotic influence and trying to kill him. The justice persuaded him to return to the hotel.

Later Okun was seen in the grounds at Sagamore Hill and then disappeared again. When seen at the hotel by secret service men, he told them he wanted the president to save him from his enemies. Already he had written Roosevelt on the subject. He will be sent away this morning.

LAX ENTERTAINS EDITORS FROM EVERY STATE EAST OF MISS.

CHICAGO, Aug. 15.—Every state east of the Mississippi river was represented today, when 125 editors gathered at the Sherman house enroute to St. Paul to attend the twenty-fourth annual convention of the National Editorial association next week. The convention will be followed by a trip through Canada. Many of the delegates are accompanied by their wives. The afternoon was passed in sightseeing. The party leaves tonight in special coaches over the Burlington.

FAMOUS THOMAS CAR IN NEW YORK O. K.

NEW YORK, Aug. 15.—The famous Thomas automobile, winner in the New York to Paris international race, accompanied by its two drivers, George Shuster and G. Miller, arrived today from Havre aboard the Lorraine. The car is in good condition, despite the race over 20,000 miles over broken roads, mountain passes and morasses. Shuster said that with but little repairing the car could duplicate the wonderful trip.

BRUTE SLAIN BY HIS BRIDE OF 6 MONTHS

NEW YORK, Aug. 15.—Dominico Graziano, aged 22, was shot and killed today by his bride of six months. After a furious quarrel over his request that she debauch herself to keep him in idleness, she shot him through the heart and then fled.

VESPER CLUB WINS

SPRINGFIELD, Mass., Aug. 15.—The first race was won by the Vesper Boat club of Philadelphia; time 8:53. The Minnesota Boat club of St. Paul was second.

BETWEEN WAUSAU AND LA CROSSE

THAT'S WHERE PENNANT RACE STANDS SAYS J. P. WERLE

WAUSAU DIRECTOR IN CITY

Says La Crosse Has a Fine Team, but Is Getting Too Close to Wausau for Comfort

"La Crosse has got a fine bunch of players," said Mr. J. P. Werle, one of the directors of the Wausau Baseball association. "I can't help admiring their work and they certainly are playing good ball. Although I think their playing is good I still have an inward hope, when I attend the games, that they will lose. You see they are getting too near us in the pennant race."

"There is one thing that Pink Hawley has," continued Mr. Werle, "that 'Daddy' Ferguson lacks, and that is the ability to get the men out for practice in the morning. I notice here that every morning your men are out practicing and there's no use talking, it does a whole lot of good. There is one thing about Wausau we have been playing with a bunch of crippled players. One man has a gash across his knee that would lay the average man up and he continues to play and others among the players are injured. The race for the pennant will undoubtedly be between La Crosse and Wausau and the only way to tell who is going to win is to keep your eye on the games."

Mr. Werle is in La Crosse for a few days and will remain until tomorrow when Wausau reaches here. During his stay here he is the guest of Undersheriff John Mohr.

WILHELMINA MAY GIVE BIRTH TO HEIR

THE HAGUE, Aug. 15.—The announcement that the accouchement of Queen Wilhelmina may be expected, caused great rejoicing throughout the country today. The announcement was all the more pleasing, because it was a big surprise. Shortly after her marriage, seven years ago, it was announced that Holland need not expect an heir to the throne. Since then the question of the succession to the throne has interested political leaders.

BLACKHAND BOMB WRECKS TENEMENT

NEW YORK, Aug. 15.—Scores of residents of a tenement in Hamilton avenue, Brooklyn, were thrown from their beds this morning when a black hand bomb wrecked the whole lower part of the building and for an hour more than a thousand half clad Italians thronged the adjacent street in terror. Leopold Tacello, owner of the tenement, had been receiving black hand letters demanding \$4,000 but paid no attention to them.

WEDDED IN COURT

August Caggiao, an Italian working on the normal school, and Mrs. Augusta Sutherland, were married today by Judge Brindley at the court house.

BAD CHECK CHARGE.

Louis Halmrast has been arrested on a charge of trying to pass a bogus check. He will be tried late this afternoon or Monday.

CALL ISSUED FOR RIVER CONVENTION

CLINTON TO ENTERTAIN DELEGATES SEPT. 22-24

ENTERTAINMENT IS PROVIDED

President Wilkinson and Secretary Boswell Send Out Notice of Annual Session

President Thomas Wilkinson and Secretary L. B. Boswell of Quincy, Ill., of the Upper Mississippi River Improvement association, have issued the call for the annual convention of the association, which will be held at Clinton, Ia., Sept. 22, 23 and 24. The circular urges a large attendance from all of the upper river towns, including La Crosse and sets forth that it is important that the association take action and have its policy defined before he next session of congress.

The citizens of Clinton have provided a pleasant entertainment for the guests during their presence in the city and it is expected that there will be several delegates from La Crosse. Mayor Anderson received a copy of the circular and it is probable the council may have asked to name some of the delegates.

In regard to representation the constitution of the association provides:

"The membership of this association shall consist of municipal, civic and commercial organizations of and from the cities, villages and towns on the Mississippi River and navigable tributaries thereof from Minneapolis to St. Louis inclusive, and of kindred waterway improvement associations. Each body shall be entitled to three representatives or delegates to the meetings of this association, but no city, village or town shall have to exceed fifteen delegates.

Three delegates at large from each of the five states bordering on the upper Mississippi river—Illinois, Missouri, Iowa, Minnesota and Wisconsin—to be appointed by the governor of each state.

"Individual membership of this association shall consist of such persons along the upper Mississippi river, or within the five states bordering on the river, as shall pay into the association treasury an annual sum of five dollars."

JAPAN GIVES UP HER NAVY INCREASE

TOKIO, Aug. 15.—As the result of a secret cabinet conference between the premier and the army and navy authorities Friday, the government today announces a decision to postpone until 1911 the \$25,000,000 extra expenditure for the army and navy, which was to have been expended next year as a post bellum measure.

EAGLES ADJOURN

SEATTLE, Wash., Aug. 15.—The new Grand officers of the Eagles were installed here today and the convention closed their sessions. The new officers were the complete slate as named Thursday. The Eagles chose Omaha as the next convention city, although a hard fight was put up by St. Paul and Saratoga, N. Y.

Weather and Water

Coolest at La Crosse, 62; warmest, 72; wind, 4 miles; rainfall, .20 in. Warmest in United States—Phoenix, Ariz., 100 degrees. The river will continue to fall during the next 36 hours. Stage of water, 4.4, a fall of .1 foot; at Prairie du Chien, 4.9, a fall of .2 foot. Forecasts today: Wisconsin—Partly cloudy tonight and Sunday, probably local showers in east and south portions tonight. Minnesota—Partly cloudy and probably local showers tonight or Sunday. Iowa—Partly cloudy tonight and Sunday; probably showers in east portion tonight.

DOCTOR ADVISED USE OF CUTICURA

After Other Treatment Failed—
Eczema in Raw Spot on Baby
Boy's Face Lasted for Months—
Cried with Pain when Washed.

ECZEMA WAS CURED AND
HAS NEVER REAPPEARED

"Our baby boy broke out with eczema on his face when one month old. One place on the side of his face the size of a nickel was raw like beef-steak for three months, and he would cry out when I bathed the parts that were sore and broken out. I gave him three months' treatment from a good doctor, but at the end of that time the child was no better. Then my doctor recommended Cuticura. After using a cake of Cuticura Soap, a third of a box of Cuticura Ointment, and half a bottle of Cuticura Resolvent he was well and his face was as smooth as any baby's. He is now two years old and a half old and no eczema has reappeared. I am still using the Cuticura Soap. I think it is the finest toilet soap I ever used. I keep my little girl's hair and face cleansed with it too. I am so thankful for what Cuticura has done for us. Mrs. M. L. Harris, R. F. D. 1, Alton, Kan., May 14 and June 12, '07."

SANATIVE

Antiseptic Cleansing Is Best
Accomplished by Cuticura.

Women, especially mothers, find Cuticura Soap, Ointment, and Pills the purest, sweetest, and most effective remedies for preserving, purifying, and beautifying the skin, scalp, hair, and hands, for the treatment of inflammatory and ulcerative conditions, as well as for restoring to health, strength, and beauty pale, weak, nervous, prematurely faded, run-down women. Guaranteed absolutely pure under the United States Food and Drugs Act.

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25¢) to Cleanse the Skin, Cuticura Ointment (50¢) to Heal the Skin, and Cuticura Resolvent (50¢) to Purify the Blood. Sold Everywhere. For the form of "Cuticura Cured Pills," see per visit or to Purify the Blood, sold throughout the world. Potter Drug & Chem. Corp., Sole Proprietors, Boston, Mass.

Mail Free, Cuticura Book on Skin Diseases.

Green Bay, under the direction of Jack Pickett, came to La Crosse from Madison and the way the Colts made "him and his" bow down to a bat fest was awful. Eleven hits, resulting in five runs, was the downpour that the Colts administered to the Green Bay bunch. Luke Flynn was the hero of the game and with the usual support given the boxmen, would have given the Bays a shut-out, but errors at critical times were disastrous in the early part of the game and it was only a few in the grand stand who had not about given up hopes of the game, when a terrible slaughter came, coupled with misplays. Miller was on the firing line for the Bays and held his post until the middle of the fourth inning. Then, after allowing nine hits, he gave way to Vance. Vance as usual was invincible and held the team down to two scattered hits for the remainder of the game.

The first shot out of the box, Becker started away with an error, but a double play passed this off. In the second inning an error was costly. McAuley was the first man to bat and struck out. When Hammond hit to Becker, he failed to recover himself and allowed Hammond to reach first base. Sage got a hit, sending Hammond to second and then Johnson was hit by Flynn. With the bases full Boyle appeared and pounded the ball through center field, and brought all three runners in. He, however, was put out at third and some discussion arose here as to the validity of the last score. Some believed that the man was out before Johnson touched the home plate, while others called him safe. The umpire ruled he was safe, giving the visitors three runs.

In the fourth inning they again went in to the Colts. McAuley was given a pass. Sage went to first on Jones' error and a hit by Johnson brought in the fourth score.

With the odds four to nothing in the visitors' favor, the Colts set in to even matters up. Bues was the first one to bat and pounded out a pretty safety. Killian following with another single and then Jones hit to pitcher, but Bues won out at third filling the bases. Flynn fanned. Graves appeared and swatted the ball, scoring Bues and Killian. Then a wild pitch by Miller allowed Jones to cross the plate. Tracey got a hit and Safford filled the bases with a pass. Duchien hit a swift one to Boyle, who let it go by, scoring Graves and Tracey, giving the Colts five to the visitors' four.

Becker fanned the air three times and Bues was given a walk by Vance who had replaced Miller previous to Boyle's error. Killian hit to pitcher and went out at first, but before he was thrown out Safford crossed the plate and the score was counted on the score board, although a later ruling failed to give La Crosse the tally.

BASE BALL

LA CROSSE vs.
WAUSAU
AUGUST 16, 17

Games called at 3:30 p. m. on week
days. 3:00 p. m. on Sundays.

Flynn, p	4	0	0	0	0	0
Totals	35	5	11	27	14	4
La Crosse	00050000	5				
Green Bay	030100000	4				
Summary: Two-base hit—Boyle. Sacrifice hit—Safford. Hit by pitcher—Johnson. Passed ball—Johnson. Vance, 6. Bases on balls—Off Flynn, Miller, 8 in 3 1-3 innings; off Vance, 3 in 4 2-3 innings. Double play—Becker to Jones to Tracey. Struck out—By Flynn, 4; by Miller, 4; by Vance, 6. Bases on balls—Off Flynn, 3; off Miller, 0; off Vance, 3. Left on bases—La Crosse, 9; Green Bay, 5. Time of game—1:40. Umpire—Guthrie.							

Second Game Off
The second game started with Baillies working for La Crosse and Miller, who was pounded out of the box in the first game, on the rubber for Green Bay. A merry battle was indulged in for five innings but it was getting a little dark and as the game looked like one of those extra inning affairs, the management decided to call the game on account of darkness. Each pitcher allowed two hits and both were working in excellent form when the game was called.

Summary: Sacrifice hit—Johnson. Hit by pitcher—Hammond. Struck out—By Miller, 4; by Baillies, 1. Bases on balls—Off Miller, 2; off Baillies, 3. Left on bases—La Crosse, 1; Green Bay, 4. Time of game—1:00. Umpire—Guthrie.

DOPE BOX.

Green Bay again today for two games and then the Lumberjacks for three.

Baillies, Watson or Jones will work this afternoon for La Crosse. Vance and Stremmel will be on the firing line for Green Bay. Pickett and his bunch played fine ball considering the hardships they have recently encountered. Thursday they played a double header and traveled all night and then settled down for a double header here yesterday.

Guthrie, one of Moll's new umpires, has put in an appearance in La Crosse and his work yesterday was a great improvement over that of List. He is a powerful looking fellow and acts as though he would not stand much blurring.

Bond was out in suit yesterday and went out for practice before the game, but had to obey his doctor's orders and keep out of the game.

The paid attendance yesterday was 304. About that number of ladies also took advantage of the free show.

Tracey was there with the stick in the first game, getting four safe hits at five times up.

Killian got two hits at four times at bat.

Vance had the speed and this frightened the Colts for a while after the star made his appearance. Becker got solid feet and fanned for the second time that game.

Johnson and Killian both had their wings with them yesterday sending them down to second in fine shape.

MADISON, Wis., Aug. 15.—Lang, the Wausau pitcher, had the home team, Madison, at his mercy yesterday, winning both games at a double header by shut-out scores. Both games resulted 1 to 0. In the first game Madison got one safety and three in the second. Scores:

LA CROSSE BUSINESS MEN,
THIS IS YOUR BUSINESS!

No city on the upper Mississippi,
proportionately, is more materially
concerned in the establishment of a
system of practical water transpor-
tation than is La Crosse; no one
project, perhaps, is more vitally im-
portant to La Crosse than this move-
ment for river navigation.

We feel this in a general way. The
idea that cheap transportation is an
essential to profitable production is
axiomatic, and without fully com-
prehending the possible means, we
thoroughly appreciate the end.

It is essential, in order that the
movement for practical, profitable
water transportation over our inland
channels may succeed with the
greatest dispatch, that every com-
munity concerned in the outcome
shall co-operate through participation
in the efforts of the National Rivers
and Harbors Congress, and that co-
operation may be efficient, the par-
ticipants must have a full under-
standing of the purposes, scope and
possibilities of the program.

Monday evening Mr. John A. Fox,
special director of the National con-
gress, will deliver an address on be-
half of the project of river improve-
ment to the people of La Crosse. His
aim will be to educate and to further
interest our people in it. He may
go into concrete applications of the
economic principle as applied to La
Crosse. For instance, he may say
that this city uses \$500,000 worth of
coal each year, and that water trans-
portation would reduce the cost of
that coal about \$2 per ton, or 33 1-3
percent, or \$166,000 per year. But
the main purpose of the lecture will
be to elucidate the broad fundamen-
tal principles that make the move-
ment for water transportation possi-
ble, to show the interdependence of
all communities having wasted and
unimproved facilities, to promote in-
terest in and effort on behalf of a
great nation-wide scheme to join the
separate and isolated water courses

in one great system, each portion of
which shall contribute its own worth
to the value of the rest.

The uniting of the separate water
courses into a system is essential; it
is dependent for success upon the
union of all communities in power-
ful organized effort to compel im-
mediate recognition of the value of
the plan, and federal action designed
to result in its prompt reduction to
practical operation.

La Crosse alone cannot wield the
big stick over congress, but she can
contribute her mite to the move-
ment. The first important step in
this direction consists of a represen-
tative attendance at Monday night's
meeting at which Mr. Fox will give
us a keener insight into the vital
philosophy of an enterprise in which
we have inherited a mighty interest.
The Tribune hopes to see every man
who has an ambition for the greater
industrial and commercial prosperity
of La Crosse an interested auditor of
Mr. Fox at that meeting.

THE CATCH OF JOHN.

Mr. John Thornbury, angler extra-
ordinary, yesterday landed a rare
fish, known to the Burgessianian
school of piscatorial adventures as
the "silver bass." Mr. Thornbury
was naturally proud of his "haul,"
displaying it with pardonable osten-
tation to admiring friends, whose in-
clination to choke over the incident
was so intense as to resemble the
acute agony of suppressed mirth.
Consultation of the zoological dic-
tionary indicates that the fish be-
longed to the sauria family, being of
the species commonly known as all-
whop, sometimes called the leather
jacket or thread fish. John resolute-
ly declined all invitations to stop
fishing after his first great catch.
When it came to fishing, he announ-
ced, he was there with the goods be-
cause he was there, and he challeng-
ed everybody to "watch his smoke,"
which seemed to be going up the
chimney just the same. The most
surprising feature of the incident
was the angler's generosity in ten-
dering the wonderful amphibian spec-
imen to Congressman Esch, but
there really was nothing strange
about that, for John Thornbury is a
good old soul.

N. B.—Inquiry develops the fact
that the Mississippi provincialism for
the sauria is "skipjack."

LA CROSSE DEPENDS UPON ITS
AUTO OWNERS.

The Tribune desires again to call
the attention of auto owners to the
opportunity afforded them to do a
splendid public service by devoting
just one hour of their time, and the
use of their cars, to the entertain-
ment of the visiting editors enroute
to the convention of the National
Editors' association at St. Paul. Sun-
day evening from 5:15 to 6:15 is
the hour, the time being one which
will permit the courtesy to be extend-
ed without interfering with the usual
Sunday evening plans of the auto-
ists.

To reinforce our former statement
as to the wide importance of creat-
ing a good impression of La Crosse
with the distinguished visitors, we
quote hereafter from an editorial by
P. V. Collins, publisher of the North-
western Agriculturist and formerly
president of the association:

"The importance of this party does
not lie in the wealth or honorable
station of the individuals composing
it, but it lies in the fact that every
editor controls a paper or magazine
whose influence will reach, in total,
millions of readers.

"Descriptive articles about the
country seen by those tourists will
appear in all their publications and
be of inestimable advertising value
to the cause of immigration."

Sillwater and Red Wing are
among the cities that will entertain
the delegates with elaborate ban-
quets. Cannot La Crosse show its
enterprise and courtesy in the infi-
nitely more simple method of a one-
hour spin about the city in the autos
of our private citizens?

A NEW WISCONSIN INSURGENT.

Congressmen Cooper and Nelson,
of this state, have been the leaders
in the republican party of the fight
against the czardom of the speaker,
and have done great service in em-
phasizing the importance of eliminat-
ing this greatest of the congress-
ional abuses. Now another Wiscon-
sin congressman comes forward into
the open in denunciation of the au-
tocracy which renders legislation
subject to the approval of the speak-
er instead of the will of the major-
ity. Congressman E. A. Morse of
the Eleventh district, in a speech at
Merrill, said:

"You can get your bill introduced,
you can get it considered by the
committee, you can get the bill fa-
vorably reported by the committee,
you can get the bill on the calen-
dar, and, if the whole house, except-
ing the speaker, wants that bill pass-
ed, they are, under our rules, almost
powerless to even get consideration.
The speaker frequently says: 'For

SPOTLIGHTS

"OLE SWANSON"
"Ole Swanson" has met with in-
stantaneous success. It is an inter-
esting story with delightful comedy,
sensational scenes and many delight-
ful pictures of the northwest around
Pine Island, Minnesota, and appeals
to the public. The character, Ole
Swanson, that good natured Swede
always creates a scream and a comedy
thrill will be as lasting a stage char-
acter as that of Uncle Josh in 'The Old
Homestead,' and the popularity of
this play will never diminish, but
will live with the theater going pub-
lis as the years pass by. Will ap-
pear at the La Crosse theater, mat-
inee and night, Sunday, Aug. 16.

what purpose does the gentleman
rise?" and if the gentleman does not
rise for the purpose for which the
speaker wishes him to rise, he will
refuse to recognize him.

"I wish it understood that I am
not criticizing Mr. Cannon. I regard
him as one of the broadest minded
statesmen, one of the ablest men of
the country. In fact, no one can be
elected speaker of the house who is
not pre-eminent in ability, but I do
criticise the rule which makes Mr.
Cannon or any other man the ab-
solute dictator as to what legislation
shall be passed."

MR. MCGOVERN'S POSITION

Having come into the field later
than Mr. Hatton, and Mr. Hatton
having come within two votes of de-
feating Stephenson before the legis-
lature two years ago, Mr. McGovern
must concede that if loyalty to prin-
ciple demands the withdrawal of
either himself or Hatton from the
senatorial race, it is up to him to
get out.

Two things are recognized as cer-
tain. One is that Mr. Stephenson's
one chance of the nomination lies
in the vote being split between Hat-
ton and McGovern; the other is that
with Hatton and Stephenson in the
race McGovern has not the slightest
chance of winning.

Because the people of the state
give Mr. McGovern credit for enough
intelligence to comprehend these two
things, they are accepting it as a fact
that the Milwaukee district attorney
is willing to do this state the grievous
injury of forcing upon it an uncul-
tured and reactionary octogenarian
rather than sacrifice his own empty
ambition to run in a race he cannot
possibly win. Under the circum-
stances Mr. McGovern cannot justly
complain of the fact that in many
quarters people are openly asking—
his (McGovern's) candidacy being
"Uncle Ike's" only hope of securing
the nomination—what understanding
exists between McGovern and Ste-
phenson?

FIREBOATS IN ACTION.
(Free Press.)

Just what happens on a fireboat
from the moment an alarm is re-
ceived is described in Popular Me-
chanics. It says:

"On receipt of an alarm at night
the first thing to start is the dynamo,
for under the law the boat cannot
move until her lights are properly
displayed. Then air and circulating
pumps are set in motion, and the
main engines started. The turbines
which drive the fire pumps should
be warmed up and the fire pumps
turned over dry. If the fire is with-
in striking distance of the standpipes
all valves on the pipes to be used
should be opened when the boat ap-
proaches to 1,000 feet of the fire,
and the water started as soon as in
striking distance. If a pier fire the
boat should be moved along at moder-
ate speed and all pipes directed in-
to the heart of the fire.

"Shore lines can be operated suc-
cessfully at a distance of 500 feet.
If through accident or catastrophe
the water service of a city should be-
come impaired a fireboat company
could stretch lines of 2 1/2 inch hose
for a distance of 2,000 feet. Each
line could supply two fire engines
of the larger size, which in turn
could pump the water 1,200 feet
more. In this way one boat could
supply about twelve engines with wa-
ter."

Had Her Choice

"I see that your little sister took
the smaller apple," said an experi-
enced mother. "Did you let her have
her choice, as I told you?"
"Yes, mother, her son replied
brightly. "I told her if she didn't
choose the smaller she wouldn't get
any at all. She chose the smaller,
mother!"—Philadelphia Inquirer.

TO AUTO OWNERS

For one hour on the evening of Sunday, Aug. 16, 125 delegates
to the National Editorial Association convention at St. Paul will be
the guests of La Crosse. Their special will arrive at the Burling-
ton depot at 5:15. During their one-hour stay it is planned to en-
tertain them by an automobile tour of the city. The newspaper
men of La Crosse solicit the aid of all auto owners in appropri-
ately entertaining our guests. By telephoning Mr. Adolph Caudrian,
publisher of the Nordstern, confirming your purpose to contri-
bute the use of your automobile for this purpose, you will be con-
ferring a favor upon the press of this city. Call either phone 393.
Do it now.

N. B.—THE HOUR OF ARRIVAL OF THE SPECIAL WILL BE
5:15 P. M., INSTEAD OF 5:30 AS ORIGINALLY SCHEDULED.

QUIPS AND CRANKS
AND WANTON WILES

"Little Johnnies."
Johnny hung his little sister;
She was dead before they missed her.
Johnny's allus up to tricks.
Ain't he cute?—he's only six.

Johnny with his little axe
Dealt his brother orful wacks.
He don't care if mamma kicks.
Ain't he cute; he's only six.

John has gone from bad to worse;
Now his father's in a hearse,
Sneared him with a load of bricks.
Ain't he cute; he's only six.

Johnny saw a buzz-saw buzz
Like a bike, and thought it wuzz.
Johnny's corpse is full of nicks;
Ain't he cute; he's only six.

—Cornell Widow.

A Pertinent Query.

"Ferdinand Schumacher, the oat-
meal king," said an Akron grocer,
"was a conservative. The man who
founded the enormous breakfast food
business, loathed fads.

"I once tried to get him to join
our golf club. But he poked fun at
us golfers. He told a golf story that
he had heard in Scotland.

"A player asked an old friend to
come and have a game of golf with
him.

"What's golf?" said the friend.
"Come to the links," said the
player, "and I'll show you."

"To the links they went. The
player took a pinch of moist sand
from a trough, built a tiny hill of it,
and on top of the hill set his ball.
Then he made a terrific swing, and
missed.

"He tried again, and again missed.

"A gran' game, golf," said his
companion.

"He made a third stroke, and
missed for the third time.

"Oh, ay, a gran' game, golf," his
companion repeated. "But what's the
wee ball for?"—Akron Beacon.

The Usual Reason

Rev. Sydney Goodman—his Men's
church at Atlantic City, with its
smoking congregations and its mov-
ing pictures, has already brought out
many imitators—is noted for the
brilliance and originality of his ser-
mons.

"Even in a begging sermon," said
a member of the Men's church, "Mr.
Goodman can amuse. He began a re-
cent begging sermon in this man-
ner:

"A deacon said to the minister's
wife:

"Why is your husband always
asking for money, money, money?"

"The minister's wife sighed:

"I suppose it is because you never
give him any," said she."—Wash-
ington Star.

Passing Fancies

Being of a buoyant nature won't
help you any if you fall overboard.

If you are short, it won't do any
good to make a long face over it.

Any girl will make a fool of a man
if he supplies her with the raw ma-
terial.

Typewriter girls may not be clan-
nish, but each one has her own click.

Some are not so bad as they are
painted—others are not so good as
they are whitewashed.

Those who promulgate get-rich-
quick schemes generally have some
get-away-quick scheme ready for
their own use.—Boston Transcript.

A Barrel Full

"If an empty barrel weighs ten
pounds, what can you fill it with to
make it weigh seven pounds?"

"Have to give it up."

"Fill it full of holes."—The Sa-
cred Heart Review.

OLD-TIME CAMPAIGN METHODS

(Kansas City Star.)

"The old-fashioned candidate with
a story on his opponent has appear-
ed, and he seems like a long-lost
friend," says Ralph Tennial in the
Sabetha Herald. "When we were a
boy the candidates seemed to make a
specialty of that. Both parties ar-
ranged for big meetings the night
before election, and, as a rule, it
was a contest to see which candidate
could tell the worst stories on the
opposition. The republicans would
listen to the stories on the democ-
rats with great enthusiasm, and the
democrats gloried in the tales of the
republicans. At both republican and
democratic meetings the audience
was advised to get down to the polls
early the next morning to vote. The
object was, of course, to get the votes
in before the opposition had suffi-
cient time to enter a denial. The can-
didates and those who managed their
campaigns shook their heads and
talked impressively of the charges
they had made against the opposition,
but after election day everybody
laughed and forgot, or seemed to
forget, the charges that had been
made. The democrats had a pecu-
liar way of handling the colored vote.
The democrats discovered that the
colored vote would not stay bought,
so they hit on the scheme of hiring
the colored vote to stay away from
the polls on election day. If a col-
ored voter voted, he got nothing."

THE IRON LORD

A Hitherto Unpublished Story of
Immense Power.

By
S. R. CROCKETT.

(Copyrighted.)

the main shaft there was no way
save through the long-roaring tun-
nel of flame. After a long survey
of the principal shaft Vic became cer-
tain that that way there was, indeed,
no hope. If not by the extra exit,
narrow at the best (except on paper)
and half-filled with steam pipes,
certainly all was lost. He exchanged
his thick fireman's attire for a
sweater and a pair of the ordinary
wide pitmen's trousers. He borrowed
a broad leather belt for his waist.

A little stream of water had been
falling down the main shaft only to
be thrown back in clouds of steam
when it reached the flames in the
pit-throat far below. Vic turned
part of it upon the heated pipes in
the narrow second exit. The steam
had been cut off in the pipes owing
to the fall of material at the pit bot-
tom, but the iron was still far too
hot to venture down with any safety.
Nevertheless, he resolved to make
the attempt. Dr. Calmont and his
assistant Phil, who had descended
with him, united in dissuading him.
But Vic held out. If he could not
make it then nobody else could. Be-
sides, every moment gave them less
chance of saving the girl.

It was then that Phil Calmont felt
most bitterly his inferiority. He had
called himself an engineer above
ground, but down there in the dark
the commonest pony-boy knew more
than he. And far below him, in a
deeper darkness, shut off by doors
of flame, was Vida Bryan. True, he
could not help her. Even to die for
her sake would not advantage her in
the least. It was fortunate that his
father gave Phil some of his instru-
ments to polish and cover. The drip
from the roof told upon them, and
Dr. Hugh Calmont loved them con-
siderably more than his children,
who, generally speaking, were a nus-
tance to him. But after this night
he had hopes of Phil. He knew how
to use a piece of chamois leather.

Phil sank his nails into his palms
as Vic Morris, taking a long breath
set his foot on the first rounds of
the long steel ladder. Only by keep-
ing very close to the wall could he
avoid contact with the still heated
pipes. The running water had cool-
ed them to some extent, but the nar-
row tunnel was filled with stifling
fumes, with whiffs of dissolving
metal, and, above all, with the dull,
sullen heat radiated from the heated
metal.

What Vic Morris suffered in that
long descent can never be known.
He has not thought fit to tell at any
length.

"It was a tight job!" Or, perhaps,
in moments of great expansion: "A
little more and I should have slept
in the 'sump' that night!" These
came the nearest to any description
of his experiences. But he reached
the bottom, though more than half
roasted. He found that the miners
were gathering waiting—most of
them up to their knees in the water
which was already collecting at the
bottom of the "dook."

"Better get away at once," he
cried. "Come, boys, follow me!"

"It is impossible!" the men cried.
"Peter Sharp, there, who won the
wrestling belt, was up about thirty
fathom and had to come back."

"I have come down, boys, all the
way," shouted Vic, "and I am go-
ing to show you the way back. Where
is Miss Bryan? Let me have Miss
Bryan."

Even then he did not say "Vida."

They handed Vida, as it were,
overhead, to him, passing her upon
their palms daintily, as if they knew
they were handling something pre-
cious. Vida was soon on the ladder.
Vic setting her feet on the rounds,
while, with his outstretched left arm
he clasped the girl's belt to keep her
well away from the heated pipes.

Time after time Vic Morris called
out encouragingly for the men to
follow him. He seemed to them hard-
ly less than a messenger from heaven.
They were content to follow, halt-
ing when he halted, then, half-bek-
supporting the elders, and so, in
time all the men in the West work-
ings of No. 2 Pit reached the sur-
face. Vic Morris was first man out,
holding Vida almost unconscious in
his arms.

He put her under the care of Dr.
Calmont and they had her all safe
at the pit-head in ten minutes. The
perpendicular cage was still working
steadily. But the men in the East
Workings, living mostly in Blocks
K and L, had not been able to get
across. Between them and the bot-
tom of the "dook" was a long de-
clivity, and then a steep ascent,
where a fault had rendered difficult
the search for an elusive vein.

The stoppage of the pumping en-
gines had even caused the water to
collect at the bottom of this declivity,
as in a great capital U. There was
nothing for it, therefore, but to re-
treat before the waters, searching for
ever higher and higher ground. But
for every man of them the end was
sure. The fire in the shaft had stop-
ped the pumps. The water was gain-
ing every moment, and all the purer
air was being driven into the corner.
The men followed it. Chief of them
was Christie Penman, joint surveyor
of the ways with old Dick Pinnan,
and a man of a simple and natural
piety. Christie knew well that it
was impossible to lead his men to
safety. They were shut in on every
side. But he called the roll. There
were sixty-three of them—men and
boys. As the waters mounted he
asked them to kneel, he himself
praying aloud in the midst—not after
the fashion of Hector McKill.

And so they were found, after sev-
en months under water, their bodies
almost perfectly preserved by the
iron which the water held in solu-

THE BANKER'S LIFE ASS'N
AS AN ESTATE BUILDER

READ THIS LETTER:

The Bankers' Life Association, Des Moines, Iowa.

Gentlemen—I take pleasure in acknowledging receipt
of your esteemed favor of recent date containing draft
for \$4,077 in full payment of two certificates of \$2,000
each held by my husband, Mr. C. M. Chaplin.

It was just seven days from the day that I enclosed
the death proof that I was notified that the draft was
awaiting for me in La Crosse, Wis. I thank you very
kindly for the prompt attention you have given this mat-
ter.

Yours very respectfully,

MRS.

THE COMPLETE NEWS OF THE NORTH SIDE TODAY

A Talk About Printing

There is a printing plant in La Crosse with a down-to-the-minute man, with whom you are all familiar, at the head of it.

It is not established to "fill a long felt want." It is only the realization of a desire of the owner to conduct a shop of his own to produce advertising material of the uncommon sort—brains mixed with type, ink and paper.

It is the aim of the Liesenfeld Art Press to do the uncommon kind of printing the kind that will be picked up and read, whether it is a card or pretentious booklet.

Take a hint from Aurelius: "Things that have a common quality ever seek their kind," and let me show you how I can improve your next piece of printing.

My prices are moderate and I make delivery promptly on the day promised. These are important items. I would like to execute your next order of printing of whatever description it may be. You will be more than pleased.

A. A. Liesenfeld

CLAM STUDENTS TO LEAVE ON TUESDAY

WORK OF THE SUMMER HERE IS COMPLETED

DR. EVERMAN COMES LATER

Work Will Then be Reviewed and Site Selected for New \$25,000 Clam Station

The party in charge of the local clam experiment station will leave next Tuesday. The party is composed of Professors Lefever, Muns, Dandy and Johnson. The men have been here for nearly two months and the experiments with the various mussels have been very satisfactory. The determination of the breeding season of various species alone, has been ample recompense for the outlay.

Dr. Everman of Washington, of the United States fish commission, will arrive from Washington the last of August and the site for the new \$25,000 experimental station will be decided upon. La Crosse will be considered before the decision is made so that there is a chance of securing it here. The party that leaves next week will probably be here during Dr. Everman's stay and the work done this season will be gone over so that the review will be complete. The party will then investigate the other locations, and the work done at the various stations and the location will then be decided upon.

The fisheries car will be here this afternoon and remove the bass minnows recently taken from the river. The steamer Curlew will continue to work along the river under the supervision of the fisheries department.

Playing Allegro.

When the mother returned from a shopping tournament the first thing that met her eyes was a lump on little Willie's forehead.

"For goodness' sake!" she said. "How did you get it?"

"'Tis from th' boom he got," the new nurse explained. "Ye tould me, ma'am, to lit him play on the planny if he wanted to an' wanst, whin he was slidin' on the top, he slid too far, ma'am."—Judge's Library.

SAM RASK FOR REPRESENTATIVE

FORMER NORTH SIDE MAN SEEKS POLITICAL HONORS

BLOOMING PRAIRIE BANKER

Newspaper Announces He Will Be come a Candidate for Assembly at Coming Election

Sam A. Rask, formerly of the North side, and well known in La Crosse, is prominently mentioned for the house of representatives in Minnesota. Mr. Rask is at present engaged in the banking business at Blooming Prairie, Minn., and it is expected that he will file his papers soon.

Mr. Rask is well known in La Crosse and especially to north siders, having resided on this side for a number of years. In regard to his candidacy the Ellendale (Minn.) "Eagle" says in part: "If the county wants a good, clean, capable representative, they will find the right man in the person of Sam A. Rask of Blooming Prairie. If nominations are in order, we would like to place his name before the people."

WANT TIME OF TRAIN CHANGED

The leaving time of train No. 1 on the S. M. division of the Milwaukee railway will be changed if the request of residents of southern Minnesota towns are granted by the company.

Preston people, especially, want the time changed so as to do away with a two hours' wait at Isenours where it is necessary to change cars. The train now leaves at 8:35 while formerly it went at 7:50. The set back was made to allow No. 1 to meet the river division train No. 2 due here at 9:05. The claim of southern Minnesota patrons is that if it accommodates one from the river division it spoils the accommodations for at least ten on the S. M.

Mr. and Mrs. R. M. Caya have left for a two weeks' visit with relatives at Lynxville.

TO DEDICATE NEW CHURCH TOMORROW

EVANGELICAL LUTHERAN EDIFICE READY FOR OCCUPANCY

OUTSIDE MINISTERS HERE

Services Include Three Gatherings at Which Well Known Pastors Will Preside

The dedication of the new Evangelical Lutheran Emmanuel church will take place tomorrow with impressive ceremonies. Elaborate preparations have been made and three services will mark the dedication. The morning service will be preached by Rev. C. Thurow of Milwaukee, father of the local pastor. The afternoon service will contain an address by Rev. Ernest Dornfeld of Milwaukee, vice president of the Wisconsin synod, and Rev. A. Sauer of Winona will preach the sermon. Rev. J. G. Glaeser of Tomah will deliver the sermon in the evening. The ladies of the church will serve dinner and supper in the parlors of the old church. The following excellent program has been prepared:

Program.

FORENOON SERVICE, 10 O'CLOCK
Harmonia male choir.
Congregation—"Praise to the Lord."

Dedication ceremonies.
Congregation—Hymn.

Sermon—Rev. C. Thurow, Milwaukee.

Harmonia.
Congregation—Hymn and offertory.

Benediction.
Doxology by congregation.

AFTERNOON SERVICE, 2:30.
Mixed quartette.

Congregation—Hymn.
Scripture lesson.

Duet, "O Lord Zebaoth"—Misses Eleonora Zeisler and Ida Voegelé.

Congregation—Hymn.
Sermon—Rev. A. Sauer, Winona.

Harmonia.
Address—Right Rev. Ernest F. Dornfeld, Milwaukee.

Congregation—Hymn and offertory.

Benediction.
Harmonia.

Doxology.
EVENING SERVICE, 7:30.

Male quartette—Messrs. O. Zielke, G. Zeisler, R. Albrecht, F. Weltrowske.

Congregation—Song.
Scripture lesson.

Duet, "Peace to This Dwelling"—Miss Helen J. Miller and Mr. Eugene Luening.

Congregation—Song.
Sermon—Rev. J. G. Glaeser, Tomah.

Mixed quartet—Misses Ida Voegelé, Eleonora Zeisler, Messrs. Robert Albrecht, Frank Weltrowske.

Congregation—Song.
Benediction.

Congregation—Doxology.

BETHEL LADIES TO GIVE ENTERTAINMENT

The Bethel Norwegian church has prepared an excellent program for a concert to be given by the ladies of the church Tuesday, Aug. 18. Miss Clara Bohnsack and Mildred Romsdahl of the Fargo Conservatory of Music, will render the following program:

Chopin Fantasie Impromptu

Chopin Scherzo, Op. 31

Piano Solo Saeterjensens Soendag (Chapel Girl's Sunday).

Greig Solveigs Sang (Solveig's Song).

Kjerulf Mit Hjerte og min Lyre (My Heart and My Lyre).

Songs.
Beethoven Moonlight Sonata, Op. 27

Adagio.
Allegretto Presto.

Pianoforte.
Berwald Be merciful unto me O God

Patten Cry Aloud. Spare Not (Aria from Isaiah.)

Songs.
Greig The Spring

Liszt Rhapsodie, No. 6

Pianoforte.
Ball—When sinks the sun so gently

Mildenberg I Love Thee

Tsalkowsky Farewell Ye Hills

Songs.

SOMEWHAT NEGATIVE

(London Chronicle.)

This writer once came across the Kentish multiplication of the negative. He was asking the way of an aged laborer. "You go along cross the field, and git over the stile to the right—no, the left," was the reply. "Then you come to de 'ard road, and you go long till you come to de place where I used to go to school. Then you go long, and you ain't got no call not for to ask nobody not afore you get to where Mister Mynna lays at Thurham."

"You editors take life too seriously," remarked the poet. "I would take yours with positive glee," replied the editor.

CHURCHES

Norwegian Lutheran.

Corner Charles and Sill streets. Rev. E. O. Vik, pastor. Morning services 10:30; evening, 7:30.

North Presbyterian.

Corner Logan and Avon streets. Rev. A. A. Randall, pastor. — No further services till Sept. 1.

NORTH SIDE BRIEFS.

Mr. and Mrs. John O'Brien of Abotsford have returned to their home after visiting relatives on the north side.

A. Loeffingwell has moved his family from 819 Gillette to 1344 Avon streets.

Miss Louise Larson returned last night from a visit with relatives at Chaseburg, Wis.

Mrs. Gregg of Wabasha is the guest of the T. J. McDonough family for a few days.

Mrs. Frank Moeckley has returned from a visit with friends at West Salem.

Mrs. Hormick of Rochester is visiting her sister, Mrs. W. C. Cormac, for a few days.

Miss Mazie Ecklund of Burlington is visiting her cousin, Miss Nora Wagner, for a few weeks.

Mrs. McCormac and son of Chicago are visiting at the home of W. C. McCormac of Loomis street.

The little son of T. J. McGrath of Wood street, is seriously ill.

Mrs. G. Powell of Loomis street has been called to De Soto on account of the illness of her mother, Mrs. Campbell.

REV. IRISH HAS A FINE VACATION

To have a big black bear amble into camp and nose around as though he was real interested in the visitors was the experience a few days ago of Rev. James W. Irish, the popular pastor of the First M. E. church of this city, and his party who are camping in the Yellowstone Park. Rev. Irish is on his annual vacation and had the very pleasant opportunity to spend ten days camping in this American beauty spot. The many friends of the popular minister will be pleased to know that he is thoroughly enjoying his outing in the Yosemite valley. He will return to this city to resume his duties probably later in August or early in September.

MONSTER TROUT IS CAPTURED

CALEDONIA, Minn., Aug. 15.—(Special.)—The largest trout ever caught in this county was caught Thursday afternoon by Postmaster Moses Emery of this city in the south fork of Crooked Creek near this place. The trout was an old settler and had been the object of many fishing expeditions. It was of a Scotch variety, measured 23 inches and weighed four and one-quarter pounds.

WEST CHANNEL IS FORBIDDEN GROUND

FISHERMEN TO BE PROSECUTED FOR FISHING THERE

IS A GOVERNMENT PRESERVE

Portion of River Set Aside for Propagation and Study of Clams Is Being Molested

Fishing in West Channed is prohibited by the government and by the laws of the state of Minnesota. La Crosse bass fishers who are wont to drift down the river and "whip" the dams at the head of West Channel will be forced to pass on, as any one caught fishing within the waters of the channel is subject to a heavy fine and imprisonment.

Daily, West Channel, and especially the parts near the dams, is dotted with fishermen—they of course being in ignorance of the law. Last year West Channel was set aside by the United States government as a "clam bed" and is to be used entirely by the U. S. fishery department in the study and propagation of the clam. At that time large notices were put up at places along the channel warning people that they were laying themselves liable to a fine if they persisted in fishing there, but during the winter many have been blown down.

D. W. McWillie, of the Wisconsin Pearl Button company, says that numerous complaints have been heard on the subject, but that the Minnesota game wardens have been lenient on the plea that the people are ignorant of the fact that the channel is a government reserve.

CREPS APPEALS FILTH CASE

On the grounds that the ordinance pertaining to throwing filth in the streets is invalid, George Creps, the Third street saloonkeeper, through his attorney, has filed a notice of appeal. Creps was fined \$1 and costs for throwing dirty water in the streets.

Mrs. Theodore Scharr of Nelson is visiting at the home of J. U. Scharr.

THOMAS & PHALON'S SPECIAL HORSE FEED

Try It On Our Guarantee.

\$1.60 FOR A FULL 100 LB. SACK
For Sale at Your Grocer.

Cheaper and better than oats at all times. Made of the choicest re-cleaned grains properly ground and mixed to make a perfect balanced horse feed. It will give your horse hard muscles, extra strength, speed, style, action and endurance and make the horse a more willing worker. It will keep up your horse in perfect condition. A mixed, rightly balanced feed is superior to one composed of any one grain. A horse's system craves a change of diet, and it is seldom that any one grain is found to contain all the elements to make a perfect food.

REV. MILLER WILL PREACH TOMORROW

The pulpit of the First Baptist church will be occupied Sunday by Rev. Henry Day Miller, pastor of the First Baptist church of Fond du Lac. Rev. Miller is one of the most prominent ministers in the Baptist denomination in Wisconsin, and the members of the Baptist congregation here deem it a rare privilege to have him with them for this one service. While in the city Mr. Miller will be entertained at the Baptist parsonage.

SOME STERN FACTS.
Toland comes pretty near hitting the nail on the head in his ad on page 10. It is hard to realize that life has so large a percentage of failures. If this is true, and it must be, it is up to wise parents to prepare their children for the future. Toland wants to prove that his school is the place, and it certainly looks it judging from the record.

Miss Gretchen Hogman of Milwaukee is the guest of Miss Leona Doerflinger.

IRVINE DIAMONDS

We have greatly increased our diamond stock and offer to patrons of this store remarkable values in pure white diamonds.
1/4 ct. Tiffany rings, \$28 to \$30.

LA CROSSE YOUTH WHO IS SUCCESSFUL

E. R. Tausche, superintendent of the Metropolitan Life Insurance company of Chicago, and formerly of this city, is here to spend his two weeks' vacation with relatives and friends. Mr. Tausche was born and raised in this city and this is only his second visit since his departure to accept a position in the offices of the Chicago district about twelve years ago.

He graduated with first honors from the Wisconsin business university and speaks highly of that school. Mr. Tausche paid a visit this morning to the local superintendent, David H. Bamberg, with whom he was formerly intimately associated while both were still employed in Chicago as superintendents.

In his address to the local staffs Mr. Tausche attributed his great success and rapid promotion in the business were due to that same stamina which he possessed when still at the university and which he called "a desire to excel." His address was greatly appreciated and was greeted with much applause. Mr. Tausche is now recognized as one of the most brilliant superintendents in the country. He was very pleased to meet many of the business men of this city with whom he was well acquainted when still a boy in this city. He is a nephew of V. Tausche, the local hardware man.

BRADISH FAVORS ASPHALT FILLING

According to City Engineer George Bradish there are many reasons why asphalt is better for filling in brick than cement. Some of the most brilliant superintendents in the country. He was very pleased to meet many of the business men of this city with whom he was well acquainted when still a boy in this city. He is a nephew of V. Tausche, the local hardware man.

Among the reasons given by Mr. Bradish is that it is sanitary, teams can go over it twenty minutes after finishing the work, and it protects the corners of the bricks. Also he claims there is no danger of the brick cracking in cold weather.

HARVEST PICNIC AT WESTBY, WIS.

There will be a big harvest picnic at Westby Sunday, Aug. 16. An elaborate program has been arranged including a ball game, clay pigeon shooting contest, races, speeches by Attorney Grimsrud and Judge Mahoney, band concerts by the Third regiment band, Avalanche and Westby bands. The people of La Crosse and vicinity are cordially invited to attend.

P. O. EMPLOYEES TO HAVE PICNIC

The postoffice clerks together with the carriers at the local office have completed all arrangements for their first annual outing. It will be held on Labor Day, the place being announced later. From this year it will be an annual event and many features in the way of entertainment are being arranged.

PERSONALS

Mr. and Mrs. Julius Burkart visited relatives in Caledonia this week.
Mr. and Mrs. Ed Forbes of La Crosse are visiting relatives in Melrose.
Miss Gertrude Dickens returned from a visit with relatives at West Salem.

Dr. Will Powell, diseases of women.
Mrs. John Beck and daughter Sylvia of Whitehall are visiting relatives in the city for a few days.
Alphonse Groff is the guest of relatives at Arcadia.

A. K. Hanson of Rushford visited relatives in La Crosse Wednesday.
Mrs. W. A. Cutting is visiting friends in Waukon for a few days.

Miss Edith Emery has returned from a visit with Mabel Hushka at Bangor.

Misses Julia Moore and Maud Hurley of New Albin visited friends in La Crosse Wednesday.

Orino Laxative Fruit Syrup is sold under a positive guarantee to cure constipation, sick headache, stomach trouble, or any form of indigestion. If it fails, the manufacturers refund your money. What more can any one do. O. T. Erhart.

Miss Daisy McDonald of New Albin is taking treatments at a local hospital.

Miss Alma Nestigen of Coon Valley visited friends in La Crosse this week.

Miss Agnes Bertleson is visiting Miss Susanna Brye of Coon Valley this week.

Mrs. John Lier has returned from a visit with relatives at Coon Valley.

Miss Carrie Overund of La Crosse was the guest at the home of A. E. Sargent at De Soto.

Ice cream social and fair, Ladies' Auxiliary Aid, at Concordia Hall, Thursday, Aug. 20. Dancing in evening.

Mrs. J. J. Relihan and children of Harper's Ferry, Ia., visited friends in La Crosse last week.

After a few days' visit with friends in this city William Blehrud and Martin Hanson have returned to their home in Spring Grove, Minn.

Mrs. Martin Ellingson and niece, Miss Ella Peterson, have returned to La Crosse after visiting friends and relatives in Spring Grove, Minn.

Dr. George Powell, consulting physician and surgeon.

A. A. Gjire of Highlander, Ia., was in La Crosse visiting friends.

Mrs. J. H. Gaare and sister were La Crosse visitors Wednesday.

Mr. and Mrs. Wolford have returned home after visiting their son Jack at Spring Grove, Wis.

Miss Nellie Edwards visited friends in Hokah last week.

Mrs. N. Birnbaum has returned home after visiting friends in Mound Prairie.

Hack calls promptly attended to. Phone 179 Gateway City Trlr Line.

Mrs. Katherine Oehler of this city was the guest of her mother, Mrs. Kitzinger, in Hokah, last week.

Frank Smith and R. J. Soule of Spring Valley, charged with illegal fishing, were found not guilty when tried at that place.

L. S. Hollenbeck of La Crosse visited in Black River Falls last week.

Mr. and Mrs. John Wilson, Jr., were in North Bend visiting friends during the past week.

Miss Margaret Leithold of Garfield, Ia., is visiting her brother, Fred Leithold, for a few days.

According to word received by his friends L. B. Knuteson is immensely enjoying his eastern trip. At present Mr. Knuteson is visiting New York city.

Miss Mabel Stout of Orlando, Fla., is a guest of friends in the city.

Deputy Game Warden George Kingsley has returned from a business trip at Madison.

Mr. and Mrs. Shegataro Morikubo expect to leave for their future home in Denver Monday.

Misses Alma Hosley and Emma Ruplin have returned from a vacation at St. Louis and Chicago.

Hay Fever and Summer Colds. Victims of hay fever will experience great benefit by taking Foley's Honey and Tar, as it stops difficult breathing immediately and heals the inflamed air passages, and even if it should fail to cure you it will give instant relief. The genuine is in a yellow package. O. T. Erhart.

PIN PRICK MAY COST GIRL ARM

As the result of being scratched with a pin, Miss Millie Johnson of this city is laid up at the St. Francis hospital and may lose her hand. Miss Johnson had the misfortune to prick herself with a pin. Blood poison set in and has spread from her hand to her forearm. The doctors have hopes of saving the member but it is possible that an amputation may be necessary.

BLATTA FOETORA INVISIA

Also called Cimex by the old Romans, is one of the most bloodthirsty animals known. Fortunately it's only of small size, otherwise it would be a dangerous foe to mankind.

As it is, it's one of the most troublesome house companions commonly known as Bedbug, keeping the lady of the house pretty busy trying to get rid of it.

Now sometime ago I discovered an entirely new remedy for this pest, which seems to be the most destructive thing yet found. I called it BUG BANG, and with it you can clear the premises in less than no time, as it destroys the enemy and his following right in their tracks. It comes in 25c bottles and is a wonder.

BEYSCHLAG'S DRUG STORE,
503 Main Street.

SOCIETY

BIRTHDAY SURPRISE
Miss Alla Phelps of 900 La Crosse street was very pleasantly surprised by her Sunday school class in honor of her 17th birthday. Those present were: Rev. Mr. Hoag, Mrs. Emery, Olive DuPee, Viva Shackley, Myrtle Moore, Mable De Lapp, Ethel Rumsey, Jessie Monty, Crystal Monty, Marie Novak, Alla Phelps, Clara Buchda, Florence Williams Emma Wiggert, Mamie Kucinski.

AT CAMP LAKEVIEW

Lakeview, the beautiful farm and summer resort at the head of French Island, presents a lively appearance at present. Before coming under the management of Henry Benz of this city it was practically unknown. But as he has spared neither time nor money, it is fast becoming the most popular resort near La Crosse. To one who has never visited Lakeview words fail to portray to them the lovely picture that greets the eye on entering these grounds. They become enchanted, for nature has accomplished what hands could not. It is situated on the shores of Rice lake and Black river, five miles from La Crosse. The street cars take the people from the city to Onalaska. From there the Maid o' the Mist is ready to take them the remaining short distance to the park. A short row takes you to the Broken Gun, the mecca of La Crosse hunters and fishermen. Beautiful oak and elm trees spread their giant branches protectively over the neat cottages, and every day the sandy beach is covered with spectators watching the merry bathers enjoy the cooling waters of the river. The park affords a fine place for the picnic parties who are taking advantage of it. The cottages with roomy screened porches, fresh eggs, milk, butter, etc., good fishing, fine dance pavilion, good music by a ladies orchestra. The use of the New phone makes it a very desirable place in which to spend one's vacation. One is always sure of courteous treatment by the manager, another pleasing feature.

Mrs. Frank Pooler and daughter Beatrice entertained a house party of young people in Idle Hours last week. This week Mr. Frank Nichols and wife of Onalaska are entertaining friends in the same cottage. Among them, their daughter, Mrs. Southland, and baby, from California. Among the first campers were Mr. O. Simonson and family, Mr. and Mrs. G. Lang and family, Mr. and Mrs. Bradish and son, Mr. and Mrs. Whyte and son, Mr. and Mrs. J. Byers and family, Mr. and Mrs. Limpert and Miss Emma Schriver of Minneapolis and Mr. Thomas and family of the firm of Thomas & Phalon. Mrs. Frank Pierce and daughter, Mr. and Mrs. John Voves and sons, Mr. and Mrs. Fred Ruplin and daughter, and brother Walter. Mr. Ruplin and wife are also entertaining Mr. and Mrs. Harry Long, advertising manager for Gund's brewery. Dr. McArthur and family are entertaining Miss Jessie Trane and Miss Haugen. L. H. Matrich and wife and sister Irene, Davidson, Mr. Joe Lennon, wife and daughter Arnette, Mr. Gus Voigt and family, Mrs. Fay and family and Miss Myra Young, E. Wallace and family, Gage & Wohlbuter, managers of the La Crosse theater and their families. Next week Mr. Hardy and family, Mr. and Mrs. A. O. Colby and family, Mr. Humphrey and family, Mr. Houser and family, Mr. Zise and family.

This week the cadets and their captain, Mr. Berk, are tenting in the park. Their drill is lovely and their evening entertainment, songs, music, etc., is very interesting. They build a big bonfire in the evening and have what they call a pow-wow and war dance that amuses the people.

MRS. CALLAHAN ENTERTAINS

The city during the week. Among the three tables of bridge and two of five hundred. A most delightful time was enjoyed. Mrs. Callahan makes a charming and agreeable hostess and her entertainments are always pleasant and delightful.

Mrs. W. L. Powell entertained Friday afternoon at four tables of bridge. The guests of honor were Mrs. Nora Palmer, Mrs. Dyson Daggett and Mrs. Trenary.

CAMPERS AND COTTAGERS.
The Y. M. C. A. camp is a scene of festivity and jollity these days. A number of families are occupying the cottages and more will be there next week. Those there at present are Mr. and Mrs. C. N. Dunham and son, Mr. and Mrs. E. E. Dow and family, Mr. and Mrs. Corey and family and Prof. and Mrs. Packman and family.

Mr. Earnest Horner and family are camping above Dakota, Minn. They have been entertaining friends from the city during the week. Among their guests were Messrs. and Mesdames W. L. Hellbach and E. J. Evans.

At the Russell cottage are Mr. and Mrs. S. H. Russell, Miss Barbara Russell, Mr. Webber Russell and Miss Grace Webber.

Mr. and Mrs. E. D. Loomis are occupying their cottage at Eagle Bluff. With them are Mr. and Mrs. George Fullerton of Joplin, Mo.; Miss Charlotte Loomis of Chicago and Miss Alice Loomis.

Parker Butler and Palmer Rogers

ANNOUNCEMENT

We wish to announce to the public that the business of the Woodward Supply Co. has been purchased by the

BOYER-FURBER FURNITURE CO.

Watch for our advertisements in this paper.

Boyer-Furber Furniture Co.

are camping at Idle Wild at Hokah. Messrs. Leigh Toland and James Stavrum are chaperoning a party of college boys at Mercer, Wis.

Mrs. Joyce Hogan is with a party of friends at Waukesha Beach, near Madison.

AT THE COUNTRY CLUB

Mrs. Louis Hirschheimer and Mrs. Frank E. Davis were hostesses at a luncheon at the Country club Thursday.

During the afternoon those who were so inclined played cards while others sat and visited and admired the scenery.

MUSICAL EVENING

Wednesday evening Mrs. Percy Cilley entertained a few at an informal musical in honor of Mrs. Thomas Utley. The guests were former pupils of Mrs. Utley.

LAWN PICNIC

There was a gathering of the "Merry-Go-Rounds" and a few invited guests yesterday afternoon on the grounds of ex-Senator Withee. The tables were spread on the lawn and fairly groaned with good things to eat. The groaning later was transferred to the guests at the close of the feast. In the evening there was a delightful impromptu musical program rendered by several of the younger members of the party. Those present were Messrs. and Mesdames William Doerflinger, Alfred Langenbach, Adolph Candrian, Alex Hyslop, Levi Withee, Mesdames George Powell, F. J. Toland, F. E. Davis, Charles Elmore, E. A. Gatterdam, the Misses Lillian Elmore, Viola Doerflinger, Olga and Irma Candrian, Alice Wheeler, Mr. Lincoln Candrian and Hewitt Toland.

VANCE POOLER ENTERTAINS

Tuesday evening Miss Vance Pooler entertained a company of young people at their home in Onalaska. The guests were the Misses Stella Felzer, Genevieve Felzer, Gertrude Monsuff, Mable Byrne, Georgina Young, Ethel Olberg.

Friday afternoon Miss Vance Pooler again entertained a company of young girls at the same place. The guests were the Misses Harriet Ray, Dolly Tisdale, Katherine Willoughby, Irene Lienlokken, Mable Byrne, Georgina Young, Gertrude Monsuff, Alice Fascette, Statia Felzer, Genevieve Felzer and Ethel Olberg.

ANNOUNCEMENTS

The engagement of Miss Elizabeth A. Taylor to Rev. John Wellington Hoag is announced.

The Woman's Central Temperance union will hold a meeting at the residence of A. F. Peregrine, 209 South Eighth street, Tuesday afternoon at 3 o'clock.

COFFEE

Miss Florence Simon will give a coffee Tuesday afternoon in honor of two young ladies who are her guests.

SOCIAL BRIEFS

Mr. and Mrs. David McHaffie and daughter, Miss Marjory McHaffie, of Amoy, China, will arrive in the city the first of the week and will be guests of Miss Nannie Colwell. Mrs. McHaffie was formerly Miss Alice Seymour, a resident of the city in her younger days. Their stay here will necessarily be short for they sail Sept. 3 for a trip around the world. Mrs. Seymour is not able on account of her health to accompany them here, but will join them and make the trip with them.

Mrs. Alex Dana of Fond du Lac is the guest of Mr. Alfred Langenbach. Mrs. L. Holmes and granddaughter, Miss Jessie Powers, have just

returned from a two weeks' visit at Mr. W. P. Powers' in Chicago.

Mrs. D. E. Bice and Mrs. Bullock have returned from Briggs Lake, Minn., where they have been a couple of weeks.

The Ladies' Aid society of the Caledonia Street M. E. church held a picnic yesterday at Myrick park.

Mrs. Dell Williams left today on the fast mail for Chippewa Falls, where she will visit her husband, who is a traveling salesman for Spaulding & Merrick of Chicago.

Mr. E. A. Williams has closed his home on Madison street and go abroad for a year's travel. His daughter, Miss Mae Williams, will also travel part of the time during his absence. While in the city she will make her home with her sister, Mrs. W. F. Hurtgen, on South Seventh street.

THE NORTHWEST IS PROUD OF IT.

One of the institutions of which the whole Northwest is justly proud, is the Northwest Conservatory of Music, of Minneapolis, which has recently been enlarged and strengthened in all its departments and with a faculty of thirty specialists, is entering on its twenty-fourth season with more brilliant prospects than ever. This conservatory combines the highest mode of instruction and the finest opportunity for development with reasonable terms and congenial surroundings, and parents need feel no hesitancy whatever, in intrusting their sons and daughters to its care.

An attractive offer of free tuition is made by this conservatory under conditions which have resulted most satisfactorily in the past.

MOVEMENT OF BOATS.—The

government lighthouse tender Lilly went up yesterday morning.

Edison has practically eliminated meat from his diet, with noticeably good results. And he, too, regrets that he did not make the great discovery fifty years ago.

RECONSIDER PLAN TO EXTEND LINES

(Continued from Page One.)

er and found his neighbors and others along the streets watering their lawns with sprinkling cans and that they were all clamoring for water. "If the city can not buy pipe," continued Alderman Keller, "we had better sell out to a private corporation and then we will be able to make them buy it. There is not an alderman in the council who would not go after a private corporation, if one owned a watering plant without accommodating them." The ordinance of Alderman Keller was referred to the committee of ordinances and water.

Close for Baseball.

A resolution was offered by Alderman Houska favoring league baseball, providing that the mayor declare a half holiday, September 2, and urging all the business houses to close if possible on that date and assist the baseball association in getting their required 25,000 attendance for the season. The resolution further urges all the citizens to attend the ball game in order that La Crosse may have league baseball next year.

Municipal Light Plant.

A resolution was offered by Alderman Lang instructing the mayor to appoint a committee of three to work in conjunction with the committee on light in procuring data for the purpose of establishing a municipal lighting plant in the city. The resolution was unanimously adopted.

Start North Side Streets.

The board of public works was authorized to let the contracts for the macadamizing with granite top dressing of Charles street from Clinton to Gillette and on Kane street from Clinton to Logan streets. The work was advertised, but the contract could not be let owing to the bids being above the estimates. The board of public works will let the contracts immediately and proceed with the work.

The city treasurer was ordered to pay the La Crosse Saengerfest association \$750 as the balance due of the subscription of \$1,500 of the city toward the Saengerfest.

A number of bonds were ordered sold, covering the amount which has not been paid for the macadamizing and paving of certain streets in the city.

The communication from the chief of the fire department asking that the city purchase 1,000 feet of new hose was referred to the committee on fire.

Electrical Inspector.

An ordinance was passed to the ordinance creating the office of an electrical inspector, so that the office does not require a graduate of an electrical college. The amendment now requires that the person holding the office shall be properly equipped with a thorough knowledge of electricity. The salary of the electrical inspector was fixed at \$1,200 per year.

An ordinance was adopted regulating the laying of railroad tracks in the brick paved districts and requires that the ties used in laying the tracks must be No. 1 oak or cedar. It also regulates the laying of the tracks in all streets that are paved with cement bottom.

The committee of ordinance reported that they had investigated the ordinance pertaining to the license of cures and recommended that the ordinance be left as it now reads and that the amount of circus license be not lowered. The license for cures remains \$200. A watering trough was ordered placed between Sixth street and Seventh street on Winnebago. A watering trough that is now in the possession of the board of public works will be installed.

A petition from the property owners on Loomis street from Logan to Clinton, asking that the water main be extended, was also referred to the committee on water.

Attend Convention.

The mayor read an invitation from the secretary of the Wisconsin League of Municipalities to attend the convention to be held at Oconomowoc this month and was instructed to appoint a committee of four to attend the convention.

The engine at fire station No. 3 was ordered repaired at a cost not to exceed \$275, as a result of a communication read from the chief of the fire department.

The Chicago, Milwaukee & St. Paul railroad was granted permission to construct a track along the public landing at the levee.

A petition was read from the property owners on Cameron avenue between Seventh and Eighth streets, asking that the sewer along that street be not constructed. It was referred to the committee on sewers.

A petition for the construction of a watering trough at 2621 Mormon Coulee road was referred to the board of public works.

The grade at the intersections of St. Andrew street, Hager street and St. Cloud street with the Chicago Burlington tracks was settled.

VIRGINIA Gold Medal Flour makes delicious baked stuff. RHODA.

BIDS ON NEW BOATS.

WASHINGTON, D. C., Aug. 15.—September 1 proposals for the construction of ten destroyers authorized by the last congress will be opened, and by that time specifications for eight submarines authorized at the same time will be completed. Bids advertised for will be opened November 2.

CHILD SUCCUMBS.

Harriet Louise Zoff, the year and a half old daughter of Mr. and Mrs. William Zoff, 608 North Eleventh street, died at the La Crosse hospital today of dysentery. The funeral will be held Monday at 2:30 from the residence, Rev. Julius Gamm officiating, with Miller Bros. in charge.

Truth and Quality

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

WILD MOB SLAYS FIVE AND BURNS "NIGGER" SECTION OF SPRINGFIELD

(Continued from Page One.)

all were disorderly resorts. From 12th street east a more respectable colony reside and the mob had just commenced on it when the soldiers rushed in. For a minute the rioters gave way and then turned to resist. The command to fire was given and three volleys of lead were poured into the crowd. Two of them went into the air, but the third was aimed toward the crowd and five fell. Most of them will die.

Negro Is Lynched.

At 2 o'clock Charles Hunter, who had been a porter at the St. Nicholas hotel, shot Jim Hayes, a white man who was watching the fire on Madison street. The mob seized him, after chasing and wounding him. They swung him up to a tree.

List of Dead.

The dead are: Louis Johnson, a boy found dead of a gunshot wound in the basement of Loper's restaurant.

Scott Burton, negro porter, lynched.

John Caldwell, white, shot in stomach, died at 11:30.

Seriously wounded: D. J. Scott, 70, dying. He was reported this morning as dead.

Jim Hayes, shot by negro who was lynched.

Thomas Foley, coal miner, 40, expected to die.

W. H. Rowe, employe county treasurer's office, expected to die, run shot wounds inflicted by negro highwaymen. Money, jewelry and revolver taken and left for dead.

Eugene W. Chaffin, presidential candidate of the prohibitionists, who was here making a speech, was bruised about the face by the mob which attacked his stand onto which a chased negro had run.

Lynching of Negro Planned.

Early yesterday morning George Richardson, a negro, was arrested for the assault on Mrs. Hallam, and immediately there began to be mutterings of trouble.

The identification of the negro by Mrs. Hallam aroused popular fury to a terrible extent. All day a crowd was gathered about the jail, which was closely guarded by all the available deputies and members of the city police force.

Threats were made that two negroes would be taken out and lynched, the slayer of C. A. Ballard, under indictment for murder, being confined with Mrs. Hallam's assailant.

Officials Prepare a Ruse.

Sheriff Charles Werner made arrangements to take the men to Bloomington and yesterday afternoon the attention of the crowd around the jail was attracted by an alarm of fire while the men were placed in Harry T. Loper's automobile and whisked away to the railroad station near the fair grounds, where a train was stopped to let the sheriff's men and their prisoners get on board.

As soon as this was known the mob began to gather, howling for vengeance against the man who had assisted in the escape of their prey. The cry "Come on to Loper's," was raised, and a few minutes later bricks were crashing through the windows.

Loper met the mob with a rifle. They paid no heed to him, and he

Parker JEWELER
510 MAIN ST.
LA CROSSE, WIS.
JEWELRY BUYING

When is the time to buy jewelry. We certainly say, when there's such a store as this at your elbow. For who ever gets too much of it? And there's magic in every piece of jewelry, in every watch, in every diamond we show.

An unceasing effort to produce the clearest stock makes this store always unique, always brimful and overflowing with new surprises seldom equalled.

Parker JEWELER
510 MAIN ST.
LA CROSSE, WIS.

was forced into the back part of the building, where he was compelled to witness the complete destruction of his property.

Restaurant Is Wrecked.

The restaurant was the largest in the city, and had a large trade. Within an hour it was a complete wreck. All of the furniture was taken out and piled on top of the automobile, which had been turned over on the street, and then a match was applied to the gasoline tank. The bonfire raged until midnight.

The police were utterly powerless to cope with the mob and the fire department, which had been called out, was not allowed to extinguish the flames.

Thousands of people thronged the downtown streets to see the strange scene and the streets were blocked with a solid mass of humanity.

During the demolishing of his place, Loper sat at the far end of the restaurant smoking a cigar with a Winchester rifle across his knees. That he escaped the wrath of the mob is a miracle.

Care for Negroes.

Plans were made early today by Governor Deneen for caring for the negroes of the city whose homes were destroyed. The state arsenal will be thrown open and tents will be pitched at Camp Lincoln for the accommodation of the homeless. Guards will be placed at both the arsenal and at Camp Lincoln, and the state will care for those whose homes were burned.

Troops in Command.

Governor Deneen has ordered the entire Fourth and First regiments of the National guard to come here. The Fifth regiment is already here. This action was taken at daylight this morning before it was seen what quieting effect a few soldiers would have. Sheriff Werner, who is in charge, asked the governor for plenty of troops that there might be no danger of a shortage tonight or Sunday. The governor does not anticipate more trouble, but is prepared for it.

Two More Dying.

Thomas Foley, aged 40, shot in the abdomen, and an unknown white man, shot above the heart, are at the Springfield hospital dying.

W. H. Rowe, clerk of the county treasurer's office, is dying at the hospital from shots fired early this morning by a gang of negroes who pursued him. After shooting him the negroes robbed him of a diamond ring, diamond stud and all his money.

To Prosecute Leaders.

The city has been quiet all day, but business is at a standstill. The police and sheriff's forces continue arresting rioters. The local authorities are preparing to take a strong hand in the punishment of the mob leaders, all of whom are known.

The City Is Not Yet Under Martial Law.

The city is not yet under martial law.

Ten Years in Bed.

"For ten years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P. of Oakville, Ind. "It was so severe that I could not move part of the same. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a God-send to me." O. T. Erhart.

PICKETT THINKS LOCALS STRONGEST

"There is a large amount of good material in the Wisconsin-Illinois league," said Manager Jack Pickett of the Green Bay team, "but I don't think at present there is hardly a man in the league able to graduate into the American or National league. I know that there is not a man on my team at the present able to stand a promotion and I don't think there is one in the entire league. Players make a great mistake in this league when they get the opinion that when they bat over 350 they are able to join the big league teams. They had a good deal better remain where they are for a time longer until they get worked down into baseball before they enter faster company. The league is fast, it is exceptionally fast, but there is a big step between the American league and the place they now hold. In baseball, the same as in any other business they must start from the bottom. If a player wants to get in faster company he must work it out with himself and overcome his faults. The faculties about them in the bigger leagues are different. They have better men to work with and unless they have studied out their many faults and taken special pains to overcome them, they had better remain in this league another season.

"I think next season this league will graduate a number of players. At the present there are fast players in the league, but they are still lacking in one thing or another and with another year of this league with reasonable improvement, they can go into faster company and remain and not be a lemon on the hands of the big league managers."

La Crosse Strongest.

When asked if he thought Wausau the strongest team in the league he smiled and answered in the negative. "La Crosse is one of the strongest teams in the league and my candid opinion is that Green Bay ranks next. Wausau hasn't got the pennant yet and may find a disappointment in store for them before the season is over."

PARKER A KEYNOTER.

SAN FRANCISCO, Aug. 15.—Alton B. Parker returned here today from an outing in Yosemite park. He addresses a great mass meeting of democrats tonight after which he will be tendered a big banquet at St. Francis hotel.

Parker is to sound the keynote for Bryan in California and the Pacific coast. He will probably speak at length on the railroad valuation plan and the exclusion of Asiatics.

NOTHING TO NOTHING IN SIXTH The score in the first half of the sixth inning between Green Bay and La Crosse today in the first game of the double header was 0 to 0.

THE BOYER-FURBER DEAL GOES THROUGH

PROGRESSIVE MEN SOLE OWNERS OF WOODWARD SUPPLY

TEAM IS A STRONG ONE

Will Start With Fine New Stock and Give Patrons Advantage of Ripe Experience

Under the name of the Boyer-Furber Furniture company the well known Woodward Supply company has reorganized and will be operated upon a larger and more vigorous scale, Messrs. Boyer and Furber taking over all the property and becoming sole owners.

A new stock has been ordered, and the firm will now carry double the supply and variety heretofore handled. The lease of the building has been transferred to the new firm, and all outstanding obligations are payable to them.

Both the proprietors will give their undivided attention to the business, and bring to its prosecution ripe experience and progressive enterprise. Mr. Boyer has been identified with the business interests of La Crosse for a number of years, and has made a reputation for himself as a vigorous and farseeing merchant. Back of him he has fifteen years experience in the furniture business, and is equipped with an intimate knowledge of buying and merchandizing in general which will enable the firm to present to its patrons fine advantages in the way of economical trading. Mr. Furber has been actively engaged in the furniture business with his father from boyhood, and his location here will add a helpful and intelligent member to the business circle of our city. He is both progressive and popular, and the firm is expected to find association with him a valuable asset.

TOLAND'S 'AD' SHOULD INSPIRE YOUTH TO WORTHY ENDEAVOR

The standard of efficiency required in business houses is higher than it used to be. This could not be true unless more efficient employees were available. That they are to be had is due to the fact that the standard of commercial schools has advanced. That had to advance before the standards of business houses could advance, for business concerns nowadays are dependent upon business colleges for their helpers, and the young man or woman who has not a commercial school education stands a small show of securing a good position.

La Crosse is noted throughout the northwest for nothing more than as the center of commercial education. The Toland Commercial schools have set the pace, others following as fast as possible, but never closing up the gap.

In this issue of The Tribune, page ten, there appears an advertisement in which Manager Leigh Toland sets forth some of the advantages of a course in his schools. The text is that his schools make good, and the moral is that those whom he graduates make good. His argument, composed of absolute facts taken from his records, is most convincing of the assertion that no boy or girl seeking a business career can afford to miss the opportunity afforded to every student who takes the Toland work. The advertisement, which we commend to all ambitious young people, and to fathers and mothers also, is an inspiration and a sermon. It is a reliable object lesson, for it talks in the language of known facts.

CARD OF THANKS

I wish to extend my sincere and heartfelt thanks to all friends and neighbors for their kindness and sympathy shown during the sickness and death of my beloved husband, John Debold. Also to all who sent floral offerings, especially do I thank the Modern Woodman Camp No. 369 and the Royal Neighbors, Harmony Camp No. 4121.

MRS. JOHN DEBOLD.

BRING BODY OF A. D. LARSON HERE

A. D. Larson, formerly a resident of La Crosse, who died yesterday at San Francisco, will be brought to La Crosse for interment. The Eagles lodge, of which he was a member, received word last evening that the body would be shipped to this city as their wish, and that the body would be sent probably Sunday evening. Mrs. Larson, widow of the late A. D. Larson, who is at present at Milwaukee, wired the local order of Eagles last evening that she would come to La Crosse at once.

The exact date for the arrival of the body is now known and the funeral arrangements will not be made until further information comes but will be under the auspices of the Eagles lodge.

IRA D. SANKEY DEAD.

CHICAGO, Aug. 15.—Ira D. Sankey, the noted singing evangelist, whose voice echoes still in the memories of thousands and whose hymns are being sung today throughout the Christian world, is dead at his home in Brooklyn. So secluded had been the recent life of the world famous associate of the late Dwight L. Moody that information of his death, which occurred Thursday night, reached the general public only yesterday.

Usually a mother makes a bad break when she selects a middle name for her son.

YOUNG MEN If you are unfit for business or study, consult this SPECIALIST.

MIDDLE-AGED AND OLD MAN-KIND There are thousands of you troubled with weak, aching backs. The most obstinate cases of this character treated with success.

CATARH which poisons the breath, stomach and lungs and paves the way for consumption, also Throat, Liver, Heart and all constitutional and internal troubles also Rupture, Piles, Fistula, Dyspepsia, Diarrhoea and all diseases of the stomach and bowels treated far in advance of any institution in the country.

BLOOD AND SKIN Diseases, Pimples, Eczema, Scrofula, Tumors, Tetter and Eczema, thoroughly eradicated, leaving the system in a strong, pure and healthy state.

WRITE your troubles if living away from home and medicine sent as directed. Address all letters, giving street and number plainly.

I treat Rheumatism, Enlarged Veins, Fistula, Piles and Other Rectal Diseases and Lingered Ailments.

I MAKE NO CHARGE FOR CONSULTATION, whether you take treatment or not.

I want every one afflicted to come to my office, where I will explain to him my method of curing these diseases. I invite in particular those who have become dissatisfied with treatment elsewhere. I will explain to you why you have not been cured, and will demonstrate to your entire satisfaction why I can cure you safely, quickly, and permanently. MY COUNSEL WILL COST YOU NOTHING, BUT MY CHARGES FOR A PERFECT CURE WILL BE REASONABLE AND NOT MORE THAN YOU WILL BE WILLING TO PAY FOR THE BENEFITS CONFERRED. I WILL DO BY YOU AS I WOULD WANT YOU TO DO BY ME IF OUR CASES WERE REVERSED.

LADIES If you are suffering from persistent headache, Pains in Back and feet as if it were impossible for you to endure your troubles and still be obliged to attend to your household and social obligations, give the Doctor a call. He will cure you if you trust yourself to his care. A great many have taken treatment of this Specialist, and he can refer you to those who have been cured by him. Thousands cured at home by correspondence. Absolute secrecy in all professional dealings.

Are YOU restless, sleepless, nervous and generally run down?

Your physician will tell you that Beer is bracing, sustaining and constructively stimulating. If you want a nourishing, invigorating beer, order a case of

Children under 10 years half price. All seats protected from sun and rain by immense canvas canopy.

PROSPERITY MEET; ALSO HARD TIMES

NEW YORK, Aug. 15.—The speaker of hard times was officially laid to rest today, when the speakers representing 350,000 traveling men in the United States opened the "Prosperity congress" in the Merchants' Association auditorium. The heat kept 5,000 delegates away, but enough were on hand to whoop it up in impressive style, for better times they say are here.

Simultaneously another convention is being called to order in the east side headquarters of the bureau of unemployed where 150 men, ragged and hungry, gathered to point out that there is still suffering and poverty. Dr. Ben Reitman, the "king of the habees," was a prominent figure in the little knot. They intended to parade 10,000 of the city's unemployed to the prosperity congress, but the authorities refused to permit it.

NEETHERLANDS WANT REDRESS OF CASTRO

THE HAGUE, Aug. 15.—The Netherlands government announced this afternoon that it had refused to accept Robert Lozz, recently appointed as Venezuelan consul at Caracas. This action of the government, it is understood, foreshadows a sweeping demand for redress from Castro before permitting diplomatic relations to be resumed. It will undoubtedly increase the tension between the two countries. In view of the preparations for the naval demonstration by the Netherlands on the Caribbean fear is openly expressed that hostilities will result.

CHINESE TRICK IS DISCOVERED

OGDENSBURG, N. Y., Aug. 15.—When ten Chinamen were arraigned before United States Commissioner Kellogg, charged with having entered this country unlawfully from Canada by way of Rouses Point last January, an attempt was made by the defense to show that all of the celestials had relatives here.

The Chinamen arranged themselves in groups of two, and it was observed that each pair wore neckties identically the same pattern and color. Five other Chinamen in the room immediately identified each group of prisoners and claimed relationship to them.

But the authorities came to the conclusion that the neckties were identification marks. Commissioner Kellogg ordered the Chinamen deported.

WOMAN TYRANT ON A RAMPAGE

SAN FRANCISCO, Aug. 15.—Mrs. James Dunn, who horsewhipped her husband on the boardwalk at Atlantic City recently, returned here last night and went into the saloon of Dan Dean, who she alleges introduced her husband to his woman companion. She proceeded to wipe up the floor with Dean, after which she wrecked the place, hurling the cuspidors through the bar mirrors. She was arrested.

LOVE SICK MAN IS SUICIDE.

WATERLOO, Ia., Aug. 15.—A. F. Rice, fireman on the Illinois Central running between this city and Fort Dodge, shot and killed himself with a 22 caliber revolver. Rice was in love with Belinda Pierson, a domestic in the family of Sheriff J. F. Cadwell, and the deed was done at the corner of the sheriff's residence.

WISCONSIN NEWS

TAKEN ILL WHEN ISOLATED IN WOODS

HOMESTEADER SPENDS 10 DAYS IN LONELY SPOT HELPLESS

STRICKEN WITH PARALYSIS

Chris Bergland Stricken on His Farm Near Ashland and Lives on Corn for Ten Days

ASHLAND, Aug. 15.—Ten days alone in the woods, paralyzed, and with practically no food, Chris Bergland was brought to the city and taken to St. Joseph's hospital, where his condition is serious.

Bergland, who is 82 years of age, lived on a homestead near Bayfield and is without relatives in this country so far as he knows. He says that ten days ago he had a stroke of paralysis and from then until last night he was alone in the woods and all that he had to eat was corn cakes which he managed to make from ground corn and water.

He was unable to move about and had not another homesteader happened along and found him he would have perished. He is almost a dwarf. His back is terribly humped and when he stands erect he measures less than five feet in height. His exact condition has not as yet been ascertained.

A part of the time Bergland subsisted on uncooked meal, but when discovered he was too weak to crawl to the meal chest and expected to die.

WAUKESHA BARBER HAS CLOSE SHAVE

WAUKESHA, Wis., Aug. 15.—Harry Greb, a local barber, James Emmsie and two young women had a narrow escape from death in an automobile accident near Pewaukee. While returning from Hartland Thursday night in Emmsie's runabout Greb slipped and fell from the seat. In falling he grabbed the steering wheel to save himself and the machine was turned suddenly, dashing into a house beside the road, and was overturned. Greb was dragged some distance and sustained a fracture of the left leg at the knee. The three others escaped injury. The machine was not badly damaged. Greb was removed to his home here. He will be laid up many months and may lose his leg.

BORROWED HIS SUIT; NO WEDDING BELLS

NEENAH, Wis., Aug. 15.—Although the license had been secured and the date set for the marriage, Miss Flora Kingston will not marry Andrew Johnson. Both are of this city.

The bride learned that her would-be husband tried to borrow a dress suit to get married in and this so upset her that she tore the license in bits and packed up her wedding clothes.

She had been told by the groom, she says, that he had lots of money.

What a New Jersey Editor Says
M. T. Lynch, Editor of the Philadelphia, N. J., Daily Post, writes: "I have used many kinds of medicines for coughs and colds in my family but never anything so good as Foley's Honey and Tar. I cannot say too much in praise of it." O. T. Erhart.

TWO ARRESTED FOR THEFT.

BELOIT, Wis., Aug. 15.—Gustav Johnson and John Mueller were arrested on complaint of H. Scheckler, a saloonkeeper, who alleged that they had taken \$50 in cash and \$25 in endorsed checks from him while he slept. Two boys swore they saw the act committed. The men said they found the pocketbook. They were held in bonds of \$500 for trial Saturday.

STATE NEWS IN BRIEF

APPLETON.—Miss Margaret De Young was severely burned with boiling water. The hot water was spilled out of a teapot and burned the girl's entire right side, from the thigh downward. The burns are painful, but no serious result is expected.

APPLETON.—Zion Lutheran congregation will celebrate its silver jubilee on Sunday, Aug. 23, with numerous services and a reunion.

BELOIT.—Gustav Johnson, Rockford, and John Mueller, Chicago, are under arrest charged with stealing a pocketbook containing \$85 in cash and checks from H. Scheckler, a saloonkeeper, while he was asleep near the North-Western tank on South Fifth street.

BELOIT.—A 4 year old child of a foreigner residing on Race street fell in a pan of boiling water and was terribly scalded about the shoulder and arm.

MANITOWOC.—University day will be celebrated at the summer institute of teachers Aug. 18. Today S. Y. Gillan of Milwaukee addressed the meeting. In the evening the teachers attended the Manitowoc County Historical society meeting. Prof. Frost of the University of Wisconsin will give a lecture on "Tuberculosis" on university day and will also have with him the tuberculosis exhibit.

POUND.—Annual camp dues of Modern Woodmen of America have been raised from \$2 a year to \$3.

STEPS FROM A TRAIN; DISAPPEARS

WISCONSIN MAN DISAPPEARS IN OREGON

DAUGHTER ABANDONS HOPE

Ephraim Hedberg of Cumberland, Believed to Have Been Murdered for His Money

CUMBERLAND, Wis., Aug. 15.—Considerable anxiety is manifested in this locality over the mysterious disappearance of Ephraim Hedberg, who disappeared at Umatilla, Ore., Aug. 5. Hedberg, who was a well to do farmer, residing a few miles southwest of this city, sold his farm and his stock a few weeks ago and about the first of the month departed for Ashland, Ore., where he has a brother, and where he expected to reside.

Went for Lunch
He was accompanied by his 20-year-old daughter and took with him \$100 in currency and over \$1,000 in certificates of deposit on the Bank of Cumberland. His daughter has written to the bank that Hedberg left the train at Umatilla to get a lunch and has not been seen or heard from since. As there was a large crowd, including many suspicious characters at the depot, the daughter fears that her father has met with foul play and has stopped payment on the certificates.

Probably Murdered
Hedberg was a man of regular habits and his mysterious disappearance can not be accounted for unless he was robbed and murdered by thugs at the depot. His daughter is still at Umatilla, continuing her search for the missing parent, but writes that she has given up all hope of seeing her father alive.

Warning
If you have kidney and bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. O. T. Erhart.

MANY KILLED BY MENINGITIS PLAGUE

EAU CLAIRE, Wis., Aug. 15.—The strange illness attacking children in this city and which appears to be a form of spinal meningitis, claimed another victim when Frank, the two-year-old son of Mr. and Mrs. Adolphus Felton, passed away after having been ill hardly more than a day.

This makes seven deaths that have occurred in the city from the disease thus far.

Over twenty-five cases have been reported to Health Officer Farr and he states that there are possibly more which have not been reported.

A number of children have recovered from the illness and while most of them suffer no after effects still a few of them are as yet bothered by paralysis.

WOULDN'T PAY FOR DRINK—STABBED

BELOIT, Wis., Aug. 15.—Charles Brandt, a drayman, is nursing a wound in his cheek inflicted by a stranger who treated him and then refused to pay.

Mr. Brandt has no idea who the man was. The stranger suggested the propriety of having "something" and the two entered a saloon. When the matter of payment arose the unknown demurred and an altercation followed. Mr. Brandt refused to pay for a treat ordered by the other. The stranger drew a knife and made a rush at the drayman, gashing his cheek severely.

SALOONKEEPERS KICK ON LIGHTS

RACINE, Wis., Aug. 15.—Liquor dealers were notified that they must after Sept. 1 remove screens from windows and doors of saloons at midnight and not replace them until 5 o'clock in the morning, and must leave lights burning in their saloons in order that a view of the place can be had from the streets. The saloonkeepers are willing to remove the screens, but the burning of lights they believe to be an unnecessary order, because it will prove expensive and dangerous.

ELOPER EVADES ALL RELATIVES—MARRY

OSHKOSH, Wis., Aug. 15.—Judge C. D. Cleveland issued a special dispensation to Oscar Dorn and Dorothy Junge, the young Chicago couple whose parents followed as far as Neenah and then lost them. No marriage certificates was returned by any Oshkosh clergyman or justice and it is believed that the young people went elsewhere to be married. The parents did not come to Oshkosh.

BODIES NOT RECOVERED.

KILBOURN, Wis., Aug. 15.—Efforts to recover the bodies of E. G. Pfeiffer of Chicago and his son, Ralph, drowned in the launch accident on the Wisconsin river have thus far proven futile. The remains of Miss Mabel Ward and of Mrs. W. G. Heath, also victims of the accident, have been shipped to Chicago where the funerals will be held. The county authorities have decided that no inquest is necessary.

KNEADED EVERYWHERE

Because its good you need it.

WASHBURN-CROSBY'S GOLD MEDAL FLOUR

THE VERY HIGHEST QUALITY

IN THE CHURCHES

People's Sunday School.
People's Sunday school meets in Travelers' hall, Linker building, corner of Fourth and Main streets, Sunday morning at 11 o'clock. The usual program of health exercise will be carried out.

Y. M. C. A.
Regular men's meeting Sunday at 4 p. m. H. C. Miller of Fond du Lac will speak.

FOLLOW THIEF TO RECOVER TREASURE
TACOMA, Wash., Aug. 15.—Robert E. Miller was released from the federal penitentiary on McNoll's island a day or two ago and left at once. He was followed by Pinkerton detectives, who believe Miller will attempt to recover \$16,000 in gold dust stolen from Alaska mails which he is believed to have cached somewhere.

Miller was freight clerk on an Alaska steamship and stole, it is alleged, large amounts of gold dust in transit to Puget sound. It was charged that he emptied one box of gold dust and substituted shot. Another member of the crew stole the same box and was amazed to discover that it already had been robbed. The last thief left the box open in a conspiracy place and the robbery was discovered before the ship reached port. The gold dust was consigned to a Seattle bank and was valued at \$36,000.

Miller was arrested and detectives recovered \$20,000 worth of dust which was hidden under a wharf at Fairbanks.

WON'T PENSION MINERS.
DES MOINES, Ia., Aug. 15.—By a referendum vote the mine workers of Iowa defeated a proposition to pension disabled and aged miners.

GOULD DEFAMERS "LOOK DAGGERS"

NSW YORK, Aug. 15.—No glances of fond affection were wasted between Mrs. Ben Teal and Miss Julia Fleming, when with the private detective, Harry Mousley, they were arraigned here before Judge Grain in the court of general sessions for attempted subornation of perjury in connection with the Gould divorce case. Through their counsel, all pleaded not guilty, with the privilege of withdrawing it. It is stated a demurrer will be entered or a motion made to quash the indictment before August 20.

Mrs. Teal was in excellent health and spirits when she entered court and looked at Miss Fleming, who is said to have confessed to aiding in the attempt to induce Mabel McCausland to falsely incriminate Gould with the actress Bessie Devoe, and that one look spoke volumes. Both women glared at Mousley. It is said he will declare he was innocent in the affidavit matter and, with Miss Fleming, attempt to lay the whole blame of the alleged conspiracy at the door of Mrs. Teal.

What Shall a Boy Do With His Vacation?

Is the title of a new Grand Trunk publication describing vacation camps in the Temagami region and in Algonquin National Park of Ontario. If your boy likes the wild you can get one by writing Geo. W. Vaux, A. G. P. & T. A., 135 Adams St., Chicago.

CHINESE UPRISING IS RECRUDESCENT

SAIGON, French Indo-China, Aug. 15.—The Chinese uprising which the French authorities reported as crushed a few weeks ago, is again assuming most dangerous proportions. Brigandage and rebellion on the land and piracy off the coast are gaining ground within the French sphere of influence in southeastern Asia faster than the ever-increasing European military naval forces can suppress them.

Yunnan and Kwangsi, provinces in China, north of Indo-China, are seriously affected again. The British consul at Fu Chow asked Canton to send gunboats to protect European merchants.

The Chinese outlaws are estimated to have lost 1,000 in the fighting in Tonkin province last month and the French 200. Though the French planters live in fortified houses, many have been murdered lately. The native peasants are joining the outlaw bands by the hundreds.

GIBBONS'S FAREWELL TO POPE PIUS

ROME, Aug. 15.—Cardinal Gibbons had a farewell audience with the pope today in the private library of the pope Friday in the private library of the pontiff for having granted him all he had asked, both from the propaganda and the vatican, and the pope replied that where the interests of the church in America were concerned, nothing would ever be denied. In concluding, the pope expressed the hope that he would see Gibbons soon again.

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-busy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better. The doctor, of the wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully chosen by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects to any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

MINNESOTA AND THE NORTHWEST

RESIGNATION IS CAUSE OF TANGLE

FINANCIAL PROCEEDINGS MAY BE DECLARED ILLEGAL

LEAHY'S SEAT IN QUESTION

Declares Seat Vacant, Though Official Has Withdrawn Resignation—May Result Seriously

CROOKSTON, Minn., Aug. 15.—The city council of Crookston declared vacant by a vote of 4 to 3, the rest not voting, the seat of the alderman from the Fifth ward. Ed Leahy, who has been the alderman from the Fifth ward, is absent at an unknown address in Manitoba, visiting relatives, and cannot be informed. He had withdrawn his resignation from the city council, and the legality of the council's action now is questioned.

The city council in declaring the seat vacant acted on the advice of City Attorney Martin O'Brien, who stated that if the resignation were before the council there was no other way than to grant it under the city charter. The three voting against declaring the seat vacant desired to refer the whole matter to the attorney general of Minnesota for his ruling before committing themselves to any action.

Ald. Leahy was the chairman of the board of equalization of the city of Crookston, and the acts of that body now are declared illegal by attorneys of this city, and action will be taken to make this conclusion stick. Since the substitute schedule of pay for Fire Chief Morris originated in a motion of Ald. Leahy, that is declared to be illegal. But the action of the council still further threatens the financial budget of this city in the most expensive and needful year of its history, by the possible illegality of all its actions regarding the obligations which it desires to incur, and may render its bonds unsalable at par. The repair of the city hall (\$15,000), the rebuilding of the Sampson's addition bridge (\$25,000), and the rebuilding of the main outlet sewer system (\$25,000), a total of \$65,000, are matters which have arisen this year and demand immediate attention.

FATE STRIKES THIRD BLOW.

EAST GRAND FORKE, Minn., Aug. 15.—Paul Johnson, the 6-year-old son of Assistant Cashier J. R. Johnson of the First National bank, former postmaster, fell from the front part of a binder that was being hauled out to a farm and his head was crushed under the wheel. He died one hour later while being conveyed to a hospital.

This is the third fatality in the Johnson family. A son was burned to death nine years ago and another met death by drowning a year ago last spring in a slough. A daughter was nearly killed and her face so injured as to be disfigured for life a few years ago. Paul was the last surviving son.

MUCH IMPURE FOOD FOUND.

CROOKSTON, Minn., Aug. 15.—Pure Food Inspector Heiberg, of the St. Paul office, has prosecuted eight impure food cases already this week and will have his hands full for the rest of the next fortnight. Two candy cases at Red Lake Falls and two candy cases at Crookston started off the week. Then he went to Roseau city, on the way stopping to prosecute two candy and one blackberry case at Badger. At Roseau one prosecution was made for the selling of impure vinegar. He spent a day at Warren.

WOLVES RAID FARM YARDS.

MANKATO, Minn., Aug. 15.—The farmers in Nicollet county, a few miles up the Minnesota river from this city, have suffered all summer from the raids of wolves. Of late the animals have become bolder and now they invade the pastures and barn yards and kill sheep and hogs. It has been found difficult to hunt them, and many complaints are being made.

SUSPENDS CITY ATTORNEY.

EVELETH, Minn., Aug. 15.—The council at its meeting this week devoted some more attention to its design to discharge City Attorney Ferry, passing a motion to suspend him pending an investigation. It is understood that specific charges will be lodged against the attorney, which he may have ten days to answer, after which the council can act finally.

ROBBED, DESERTED, SUICIDE.

PARSONS, Kan., Aug. 15.—Stuart Huntley, 75 years old, en route from California to his home in Decatur, Ill., committed suicide here by taking poison. He recently was robbed of money, was divorced from his wife and estranged from other relatives.

Y. M. C. A. TO REPLACE FRATS.

DES MOINES, Ia., Aug. 15.—It is announced by State Student Secretary Paul Smith that the Y. M. C. A. will install branches in every high school in Iowa this year. Nowhere else has such a movement been planned. It is expected to drive out the high school fraternities, which school boards are seeking to banish.

This is the

You Will Know Her by This Costume

She's Got Lots of Money And Is Giving It Away!

Money for the Women!
Money for the Men!
Money for the Little Girls!
Money for the Little Boys!
Money for the Housemaid!
MONEY, MONEY, MONEY
For Everybody!

Why?

Thursday, Aug. 20

The E-C Girl will begin going about through the city distributing One Dollar bills in homes where she calls and finds a package of

CORN FLAKES

[Toasted]

The All-American Food

ASK YOUR GROCER

For a printed slip with full instructions how to get the money, when you buy your E-C Corn Flakes today.

How To Get The Money

Be sure and have a box of the new, tasty, improved E-C Corn Flakes in your pantry when the E-C Girl calls. Show her the opened package and say to her what your grocer tells you to say. Then she will give you a crisp, new dollar bill.

Be ready for the E-C Girl. She may call at your home.

Why the E-C Girl is Here

THERE is no trick, no secret about this extraordinary event. There is nothing to be concealed. We are sending the E-C Girl to this city to distribute dollar bills among the people simply because we want to put a box of E-C Corn Flakes in every home.

We know that if you eat E-C Corn Flakes *once*, you will never be satisfied with any other flaked corn food. Because E-C Corn Flakes is the improved flaked corn, sweet with the delicious, natural flavor of the grain and toasted to a crisp and golden brown. No artificial flavoring is used in E-C. At your grocer's, 10 cents.

Eat E-C Corn Flakes—and

Watch for the E-C GIRL

AN OPEN FIELD

Companies that embark in the telephone business in these days are not protected by patents. The telephone field is open to whomever can get from the proper authorities the right to do business and can procure the necessary capital.

Yet there is a growing belief that the telephone is a natural monopoly and that one company in a community is better than two or more. The reason is apparent. Two telephone companies mean the division of telephone users into two camps with a Chinese wall of silence between them except so far as subscribers patronize both companies. And the man with two telephones makes for himself annoyance and trouble and adds to his expenses.

In this State, the nature of the telephone business is recognized by the Wisconsin Company which, instead of seeking to push into fields already occupied, makes arrangements by which it connects with its system the plants of many smaller companies. There are now more than 30,000 telephones on such connecting lines.

LA CROSSE TRANSFER & CARRIAGE LINE

M. F. HAYES, Prop.

Passenger, Baggage, and freight transferred to and from all depots, to any part of the city.

HEAVY DRAYING A SPECIALTY

Tel. 87. Office Second Street, Opposite C. B. & Q. Depot.

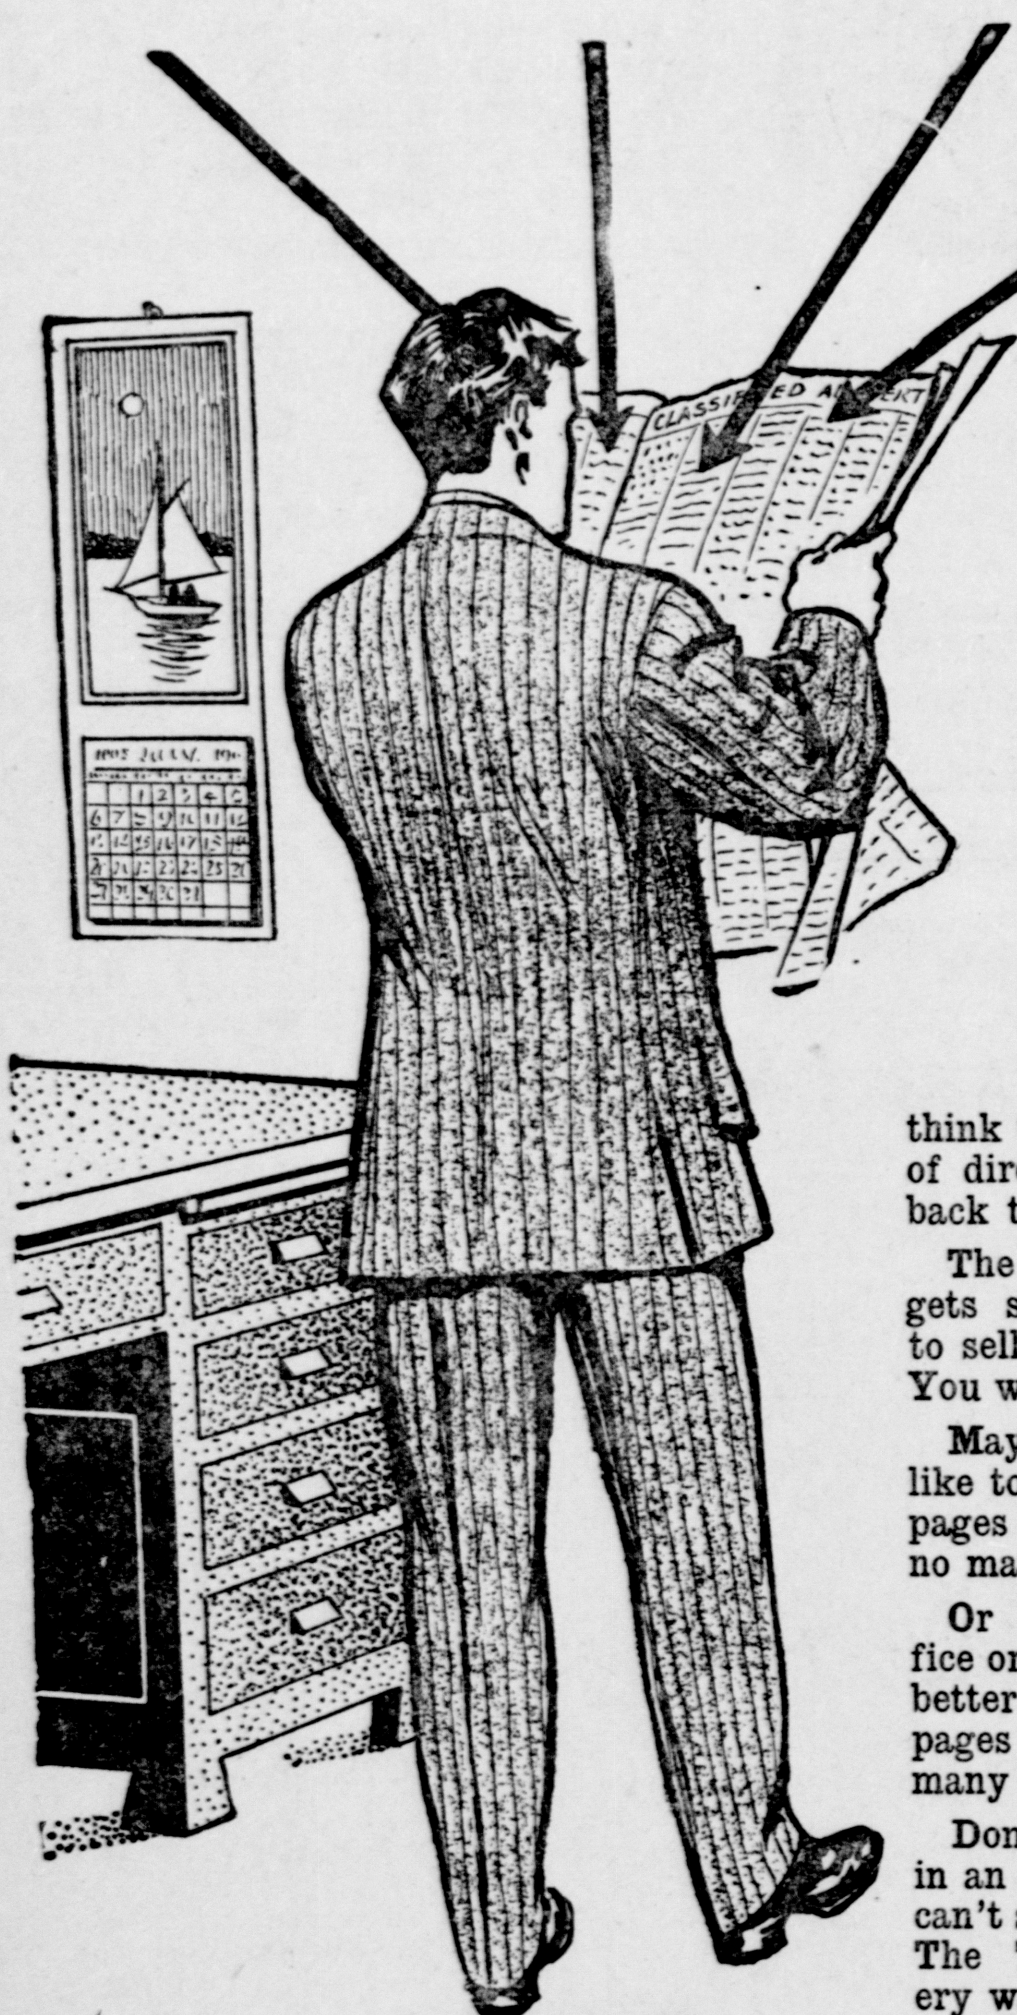

HUNTING WILL BE GOOD.

BARNESVILLE, Minn., Aug. 15.—Hunting will be at its best by the first of September, so report the farmers in this locality. Ducks are plentiful, while prairie chickens are large and numerous and will make the best of eating by the first of next month. Parties who have their dogs out trying them say there will be good hunting this fall. Hunting will be twice as good in this locality this fall than it was last year.

PILES CURED AT HOME BY NEW ABSORPTION METHOD

If you suffer from bleeding, itching, blind, or protruding Piles, send me your address, and I will tell you how to cure yourself at home by the new absorption treatment; and will also send some of this home treatment free for trial, with references from your own locality if requested. Immediate relief and permanent cure assured. Send no money, but tell others of this offer. Write today to Mrs. M. Summers, Box 2, Notre Dame, Ind.

The Office Man's "Look In"

YOU ought to keep in touch with your business opportunities. They lie all around you.

No matter whether you have a cent of capital or not, there are new chances every day in La Crosse to add to your income without neglecting your present work.

You'll find them in the classified pages of The Tribune which you pick up to scan a few minutes after opening your desk in the morning.

You run over the news headlines. Did you ever think that probably the biggest news—of direct personal interest to you—is back there in the classified pages?

The man who won't be happy till he gets something you'd jump at the chance to sell may be asking for it repeatedly. You won't know it unless you look.

Maybe you've got a friend you would like to place. In The Tribune classified pages you'll find just the place for him, no matter what his capabilities are.

Or somebody may want you in an office or a line for which you know you are better fitted. The Tribune classified pages have proved the turning point in many a successful career.

Don't think because you are shut up in an office eight hours every day you can't see the outside chances for profit—The Tribune brings them up to you every way. Why not look them over?

MAYOR WANTS A PEACEFUL FOURTH

READS COMMUNICATION TO CITY COUNCIL

TOLEDO MAKES NO NOISE

And as a Result of Sane Celebration There are Few Injuries in Ohio City

At last night's meeting of the city council Mayor W. A. Anderson introduced a communication asking action toward a noiseless Fourth of July in La Crosse in the future. The mayor's communication follows: To the Common Council of the City of La Crosse:

Gentlemen:—In a communication on June 30 to the chief of police, making some suggestions for controlling the disturbance customary on Independence day, the following statement was made: "As long as the sale of explosives for use on the Fourth of July by the young people is sanctioned or permitted by law, the danger to life and property will continue and the authorities will be expected to make efforts to minimize the dangers."

That making efforts to minimize the danger is about all we can do under the circumstances is evident, for past experience all over the United States has demonstrated for many years that all the efforts put forth do not seem to cause any decrease in the number of deaths and injuries on this day, resulting from the sale and use of explosives. Judging from the results, it seems to me that the words "dementia Americana" might more appropriately apply to our so-called celebrations than to conditions in a notorious murder case last year.

There has probably been more discussion this year than at any previous time of the desirability and necessity of the adoption of radical measures to safeguard life and property on this day, and great credit was given the city of Toledo as the pioneer in this movement. In a letter published July 1 last, the mayor of that city said, in part:

"The people of Toledo long ago concluded they did not require the noise of bombs and high explosives nor the shattering of nerves, nor the loss of life and limb to express their patriotism. . . . For four years under a general observance of the ordinance Toledo has quietly celebrated the Fourth of July without noise or accident, or injury from lockjaw or fires, and would not for a moment think of returning to the old barbarities."

Great Loss of Life in Past Years.

What the loss of life and injuries in this country have been during the past five years, due to the dangerous celebrations, is shown by statistics furnished by Dr. Simmons, secretary of the American Medical association, which he says have been proved by correspondence but are far from complete. The total number of injuries and deaths, so far reported, during that period, furnishes the startling total of 23,673, or an average of 4,734 per year, for one day's celebration. The number of deaths averaged over two hundred each year, and a day or two before the last Fourth of July it seemed more like a preparation for war than a peaceful celebration to read in the Chicago papers that every hospital ambulance and police ambulance had been supplied with tetanus anti-toxin for prompt use in injuries from gunpowder and other explosives as a preventative of lockjaw. It was, however, a wise precaution in view of the fact that there have been over one hundred deaths each year from this cause alone.

Now Is Time to Consider.

Notwithstanding the agitation and appeal for a "sane Fourth" this year, within twenty-four hours after the celebration, the death toll in Chicago was ten and the number injured was one hundred and eighty, while the total in the whole country, reported at that hour, was two thousand and five hundred and ninety-nine. There is but little doubt the number will equal if not exceed that of past years when the full list is made up. My object in calling your attention to the subject at this time is to have you consider now whether it is not our duty to take action to prevent the sale and indiscriminate use of all such explosives, except for legitimate purposes under direction of the authorities, and, if so decided, to adopt measures for this purpose at the present time so that it may be known to those who are in the habit of dealing in such before they make any contracts for the future.

Does La Crosse Need Such Ordinance?

The city of Cleveland, after the last celebration, which resulted in ten deaths and sixty-two injuries, adopted an ordinance making it unlawful to sell or have in one's possession any of the usual explosives or combustible fire works, excepting when authorized by the council for public displays, etc. Possibly it may seem to some that, as La Crosse has not lost any lives or suffered any particular damage, such an ordinance is not required here. Aside from the importance of every community giving moral support to a movement of this kind, I am of the opinion that the loss of one little boy's right hand, which was torn to pieces in this city on the last Fourth, was too high a price to pay for all the celebration we held, from the use of explosives and fireworks. Copies of the ordinances in force at Toledo and Cleveland are attached hereto, which, with this communication may be referred to the ordinance committee.

WENDELL A. ANDERSON, Mayor.
La Crosse, August 12, 1908.

DAILY MARKETS

LOCAL MARKETS

Pears are on the local markets today at 30 cents per dozen at Burns' fruit house. Med. Sweets are off the markets. No other changes in the quotations of yesterday are noted this morning.

Today's steady rain is regarded by the farmers as needed and good for the growing crops. Followed by a period of warm sunshine, it should be of incalculable value.

Foreign Markets

Chicago Livestock.

CHICAGO, Aug. 15.—Cattle, 1,500; steady and unchanged.
Hogs, 6,000; 10 to 15c higher; light, \$6.10 to \$6.70; heavy, \$6.45 to \$6.72½; pigs, \$5 to \$5.90.
Sheep, 1,500; steady and unchanged.

New York Stocks

NEW YORK, Aug. 15.—The stock market all through the first hour was feverish and unsettled. At times heavy selling orders were sent into the room, causing further recessions in prices with copper stocks against the weakest on the list. Amalgamated was weak, selling below 75 against 76 1-4 at the close yesterday. Smelting was also weak without support. The railroad stocks were steadily held. Government bonds were unchanged, others lower.

Kansas City Livestock.

KANSAS CITY, Aug. 15.—Cattle, 500; steady; steers, \$4.50 to \$7.50; stockers, \$2.85 to \$4.50.
Hogs, 5,000; 5 to 10c higher; bulk, \$6.35 to \$6.65; heavy, \$6.60 to \$6.70; pigs, \$3.50 to \$5.25.
Sheep, 200; steady. Muttons, \$3.75 to \$4.25; lambs, \$4.50 to \$6.

TODAY'S GRAIN GOSSIP

Chicago.—Nothing new to be said about wheat; there is some prospect of increased receipts in Chicago on corn but, as supplies are light all through it will be taken care of. Heavy rains will delay the movement of oats. Some of the packers are very bullish on provisions and say that this run of hogs will not last very long.

Chicago.—Trade in wheat indicated that elevator people were changing their hedges from September to December. The spread narrowing as a result of the operation will suffice to get the wheat crop safely and there is going to be in three states 105,000,000 bushels and upwards and there will be a better quality than many believe. Trouble in wheat I think was from rapid ripening. No rust to claim consideration. Cash sales 80,000 bushels wheat. Seaboard sales 100,000 bushels wheat for export.

MOUNTED MUSICIANS WITH WILD WEST

Musicians on horseback will be one of the unique features with Buffalo Bill's Wild West when it visits this city. William Sweeney's Cowboy Band will furnish music for the exhibition, and besides being skilled musicians they are also expert horsemen, capable of playing an entire program in the saddle. Other interesting factors in Col. Wm. F. Cody's exhibition will be stirring battle scenes, military marches, drills and manoeuvres, feats of expert and daring horsemanship, and numerous other features to be seen only with Buffalo Bill's Wild West.

Four open-air melodramas will be presented during the progress of Buffalo Bill's Wild West when it visits this city. They will include "The Battle of Summit Springs," a vivid reproduction of an Indian battle; "The Great Train Hold-Up," depicting a scene of lawlessness in the West, "A Holiday at T-E Ranch" and "An Attack On An Emigrant Train," two scenes typical of life in the West during its early settlement. There will also be military drills, cavalry charges, exhibitions of expert and reckless horsemanship, Zouave sports, sharp-shooting and cowboy stunts. The bucking bronchos will be a particularly attractive feature and at every performance Col. Wm. F. Cody, the original and only Buffalo Bill, will be seen in the saddle directing the entertainment and participating in the various scenes.

The Champion Sisters, expert equestriennes, will exhibit Ray Thompson's "high school" horses with Buffalo Bill's Wild West. These bronchos and mustangs are the first horses of Western breeding to be trained for exhibition purposes. They perform tricks and displays of high-school work with as much grace and proficiency as do the thoroughbreds of the circus ring. Other interesting features will be battle scenes with Indian and white participants, military drills and cavalry charges, broncho "busting," Zouave drills and military manoeuvres. In the saddle at every performance will be Col. Wm. F. Cody, the original and only Buffalo Bill, directing the exhibition and participating in the scenes and battles.

When a farmer drives to town on a hot morning in July his horses, after they have trotted about ten or twelve miles, know they are not out in the pasture.

Help Wanted—Male

WANTED—Men to learn barber trade, will equip shop for you or furnish position, few weeks complete, constant practice, careful instruction, tools given. Saturday wages, diploma granted, write for catalogue. Moler Barber College, Chicago, Ill.

WANTED—For U. S. Army: Able-bodied, unmarried men, between ages of 18 and 35; citizens of United States, of good character and temperate habits, who can speak, read and write English. For information apply to Recruiting Officer, Hotel Grand, La Crosse, Wis.

WANTED—Experienced Tinsmiths. Badger Steel Roofing & Corrugating Co., 7th and La St.

WANTED—Canvassers, experienced preferred. Fabric Impement Co., 310 Farnam St., La Crosse, Wis.

WANTED—A porter at the Hellesman, 327 Main St.

WANTED—25 experienced girls to make duck and sheepskin coats, overalls, pants and shirts, at Martin Bros. Co.

WANTED—Post office clerks and carriers. Examinations will be held in La Crosse and many other cities in November. Particulars free. Washington Civil Service School, Dept. 576, Washington, D. C.

WANTED—Young men for all kinds of work on board the vessels comprising the big fleets of the United States Navy. Do you want to see some of the world and at the same time save money more than most men do working at home? Do you want a liberal employer, who encourages recreation and study, who gives you a chance to fit yourself for a better position and advances you as soon as you are competent? Your pay begins when you enter the service—board, lodging, medical attendance if sick and a sixty-dollar uniform outfit, all are free. A trade means better pay to begin and quicker promotion. Musicians also have such advantages. If accepted you get a steady job, a chance to become manly and self-controlled. You will be sent to sea, probably on board one of the big war vessels. Ask any one in the Navy, or send for free book, illustrated in colors, which tells about cruises, sports, promotions, etc. Send postal for it to the Bureau of Navigation, Navy Department, Washington. Or get all the books at the Navy Recruiting Station, Post Office Building, Minneapolis, Minn.

The average woman is dreadfully disappointed if her worst suspicions don't come true.

Insurance

TORNADO INSURANCE—\$4.00 per thousand for 3 years; \$6.00 for 5 years. C. A. Van Auken, 328 Pearl St.

THE FUTURE

If you will read the following carefully you will come to the conclusion that most people have a pretty hard time making a bare living and they are the AVERAGE. These statistics are taken from mercantile agencies, "Modern Methods," and Guiteau's works and are absolutely true.

One in 1,000 earns more than a "living wage." (5728 Toland graduates earning nearly \$6,000,000 annually.)

One in 20,000 is independent when he "breaks down" or is "let out for old age." (This is a matter of the individual. We teach students to avoid bad investments.)

One in 25,000 in a position of responsibility and importance. (1200 Toland graduates earning from \$1000 to \$9000 per year.)

One in 50,000 "works into the firm." (More than a thousand Toland graduates have their names on the firm's letter head.)

One in 100,000 is "rich."

There are 97 1-2 per cent of men out of business today who were in business twenty years

ago. The balance of them are either retired, "broke" or dead. (The "broke" lacked business education.)

Out of 100 men who make a fortune 85 per cent of them lose it completely before they get to be sixty-five years old.

80 per cent of men are comparatively indigent when they get to be sixty years old, depending upon their little job for bread and butter.

There is not one man in 5,000 that gets back what he has lost in investments before he is fifty years old. (Business education protects.)

One man in 200 gets out of debt after he is fifty years old. (Lack of business training.)

95 per cent of business men fail. (90 per cent of Toland's graduates succeed.)

73 per cent of business concerns fail the first year. (Lack of hustle and business training.)

A Few More Facts

Our work is merely a preparation for better things. Bookkeeping, office work, and stenography should be merely stepping stones to better things and this depends on the individual. The office is the heart of business and the opportunities are unlimited.

More than 1,200 of our graduates are earning from \$1,000 to \$9,000 per year.

Many of our graduates within one year after graduating were earning more than their dads who paid their tuition. How do you like that?

Do you know that Roscoe Higbee, an old La Crosse boy, whose rise in the financial world of the northwest has been nothing less than phenomenal, is an old W. B. U. boy? Do you take the credit? To this extent that our graduates ALWAYS succeed. They credit us with establishing their foundation. At any rate the Toland School is selected by PEOPLE OF BRAINS AND DISCRIMINATION. This proves two things, first the value of a business education, second, the quality of the Toland School. This should mean something to you. Toland's School selected by the Ladies' Home Journal and Saturday Evening Post for subscription contests.

Twenty-two states represented in our school last year.

Toland graduates are now employed in every civilized country in the world.

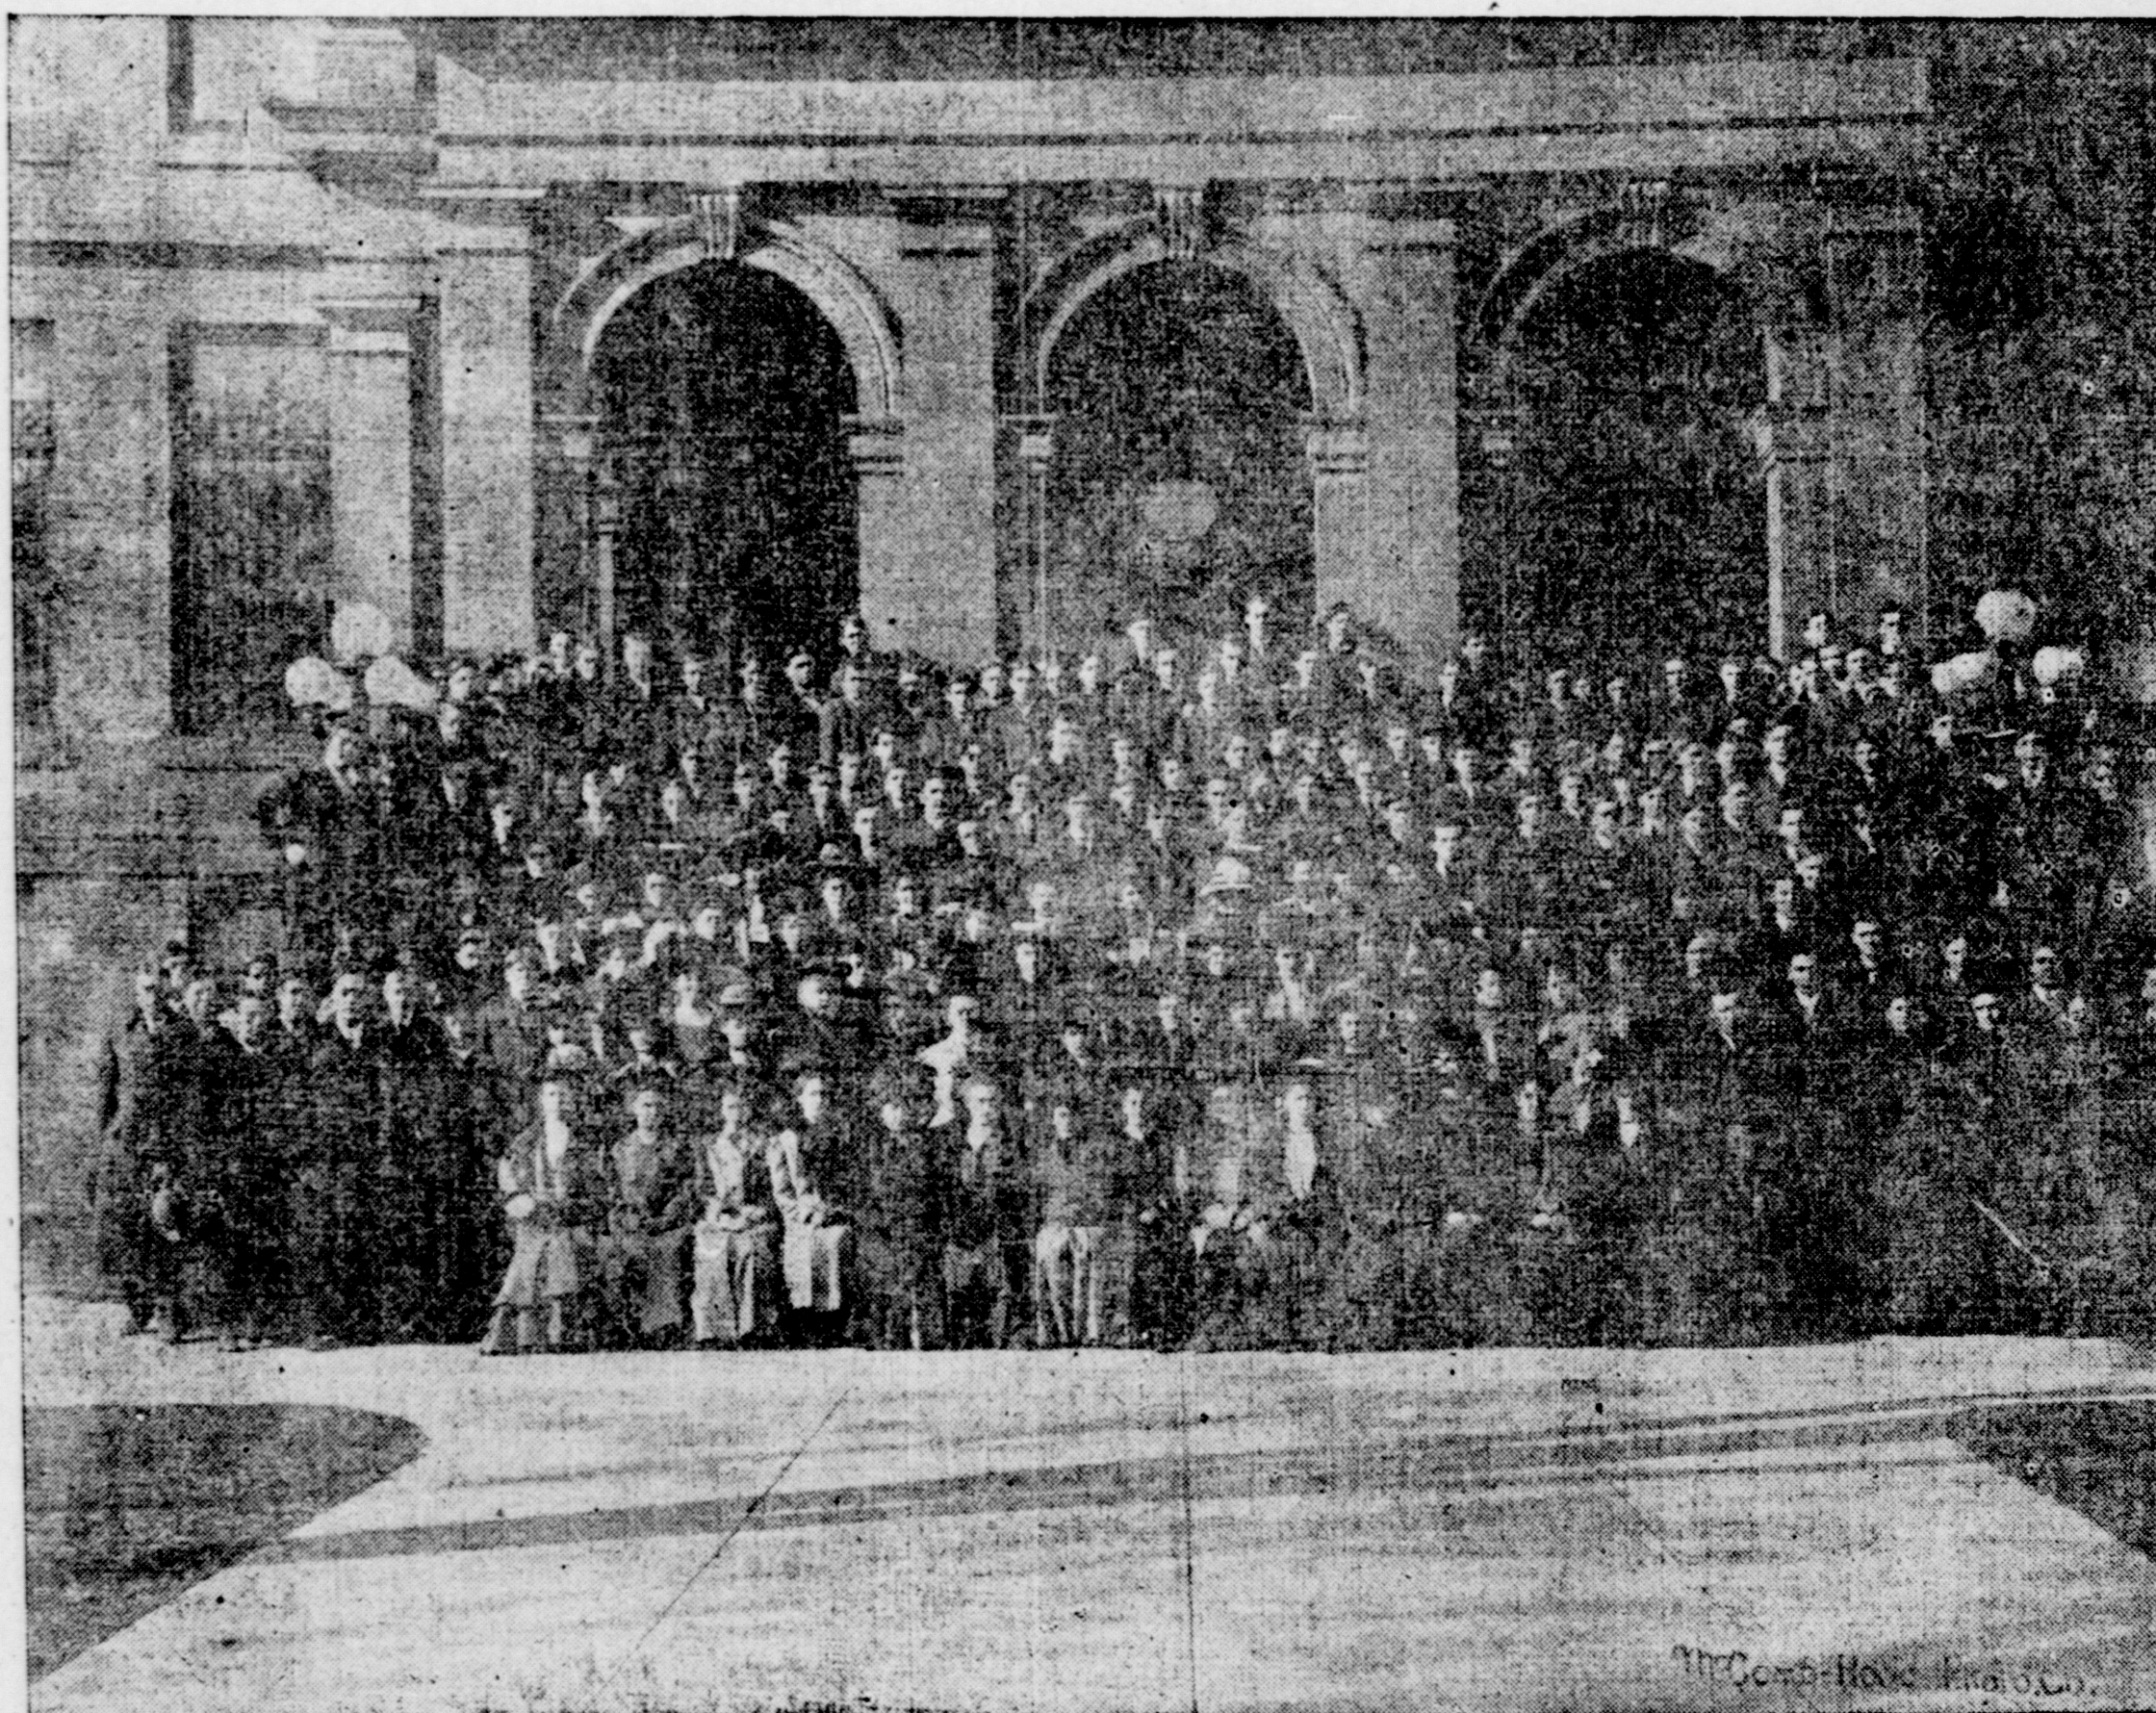

Students come direct from two foreign countries to this school, Germany and Mexico.

Ten university men were here last year.

We send out seventeen and eighteen year old "kids" to positions paying \$50 to begin with and have done it several times this spring. Edgar Semsch is one of them. He is at the Milwaukee.

Harry Dimler, now with the Doerflinger Co., was still younger when he started with this company. THERE'S A REASON.

Our banking department has \$50,000, college currency, to be accounted for every day. It's books are properly kept. There was not one suspense entry the past year.

"The above picture is of the November Class of the Toland School. It was taken on the Court House steps and contains about one hundred eighty-two faces. The Toland School SENT MORE THAN TWICE THIS NUMBER OF STUDENTS TO POSITIONS THE PAST YEAR, and they will earn nearly \$400,000.00 to begin with. This is a tremendous comparison, and graphically shows WHY Toland makes good."

What do you think of it? It certainly shows that the man who succeeds has to have a pretty long head, be he rich or poor. In this day and age that "long head" has to be educated. You or that boy or girl of yours should be prepared. Every young man or woman MUST be prepared to earn a livelihood in view of the figures issued by the government to guarantee against absolute POVERTY.

In view of the above statistics the success of Toland graduates is nothing less than PHENOMENAL. It must be credited to the school.

5,728 graduates employed earning nearly \$6,000,000 annually.

410 graduates located the past year, earning about \$350,000 for the first year.

1,200 graduates earning from \$1,100 to \$9,000 per year.

90 per cent succeed, an average that CANNOT BE EQUALLED.

The average man earns but little more than \$500 annually. Our graduates, many of them almost boys and girls, EARN MORE THAN THIS TO BEGIN WITH.

THE TOLAND SCHOOL HAS MORE GRADUATES IN POSITIONS, AND HAS PLACED MORE THE PAST YEAR THAN ALL THE SIMILAR SCHOOLS IN THE ENTIRE NORTHWEST COMBINED, AND PROVES IT. WHY? FIRST, BECAUSE WE KNOW OUR BUSINESS; SECOND, BECAUSE WE HUSTLE FOR OUR GRADUATES AFTER THEY COMPLETE THEIR WORK.

Many of our students earn the price of their tuition within one month after graduating. Think of it, and after that they have an opportunity to do something, to advance, to have a bank account, dress well, be independent with a future before them that amounts to something if they will make it so. Do you know of any better proposition? Do you know of any education that is so lasting in its benefits and yet offers such a quick return? I don't think you do, and for the young man or woman who MUST get busy this proposition has no equal.

The equipment of our typewriting department alone represents more than five thousand dollars. We have adding machines, mimeographs, etc. You don't "bump" into many unknown propositions when we are through with you.

A Few Top Notchers

Their success shows WHAT CAN BE DONE. We are proud of the fact that they CREDIT US WITH THEIR SUCCESS. They are earning from \$1500 to \$9000 per year. We have 1200 in this class so it is not luck.

Harry Long, Adv. Mgr., Gund Brewing Co., La Crosse, Wis.

Roscoe Higbee, St. Paul, Minn.

W. W. Withee, Pres. Security Savings bank, La Crosse, Wis.

E. R. Tausche, Supt. Ordinary Dept. Met. Life Ins. Co., Chicago, Ill.

Trades and Labor Council, Winona,

Minn.

The Toland School is individual. We make our work FIT THE STUDENT. We are teaching things "not even dreamed of in your philosophy." It is this "something" that our imitators cannot imitate or they would apply it to their own business. Send for catalogue. Do it now. Fall term begins September 1st, but students may enter at any time.

TOLAND'S BUSINESS SCHOOL
